

Gettysburg High School Will Exceed Capacity In 1959; Study New Plans

With the Gettysburg High School building at capacity this year with 1,166 pupils and with enrollment expected to increase by about 350 pupils in the next six years, the Finance and Planning committee of the Gettysburg Joint School Board has begun studies of the problem of what to do with high schools pupils here in the next few years.

Superintendent H. Edgar Riegle told members of the Joint School Board at their November meeting Monday evening at the high school building that, while enrollment in the elementary grades is expected to remain at about the present level for the next six years, "the problem is our high school enrollment which will exceed our capacity next year."

The expected enrollment next fall is 1,254 and by the 1961-62 school year it is expected to be 1,356. The peak is expected from 1964-66, he said.

May Move Grade
One possibility considered by the committee is the moving of the Seventh grade to the Lincoln school next fall when that building is no longer needed for elementary grades.

Superintendent Riegle has been instructed by the committee to confer with the Department of Public Instruction "to determine procedures to be followed with respect to the use of facilities in the Lincoln building for that purpose."

The committee also reported it had spent an evening last month on the color chart for the new Eisenhower school's interior.

Plan Film Library
The board left in the hands of the Teacher and Curriculum committee authority to act if a quick decision is needed on a proposal to enter local schools in a regional film library to be established for Adams, York and Franklin counties at York with federal funds to reimburse member schools for half the cost of their expenditures in that program.

Riegle said the cost of the program is uncertain now but might range between 50 cents and \$1 per pupil. He said about \$750 was spent for films in the local schools last year.

"Films can be a tremendous teaching device when they are

CORN GROWERS VOTE NOV. 25 ON ALLOTMENTS

Adams County's 2,300 corn growers will have an opportunity November 24 to vote whether they want to do away with acreage allotments on the crop, and have a price support of about \$1.12 a bushel next year, or retain the acreage allotments and have a support of about \$1.24 a bushel.

Four voting places have been set up for the farmers for the November 25 referendum. Those from the Fairfield, Gettysburg and Biglerville areas of the county Agricultural Stabilization and Conservation set up will vote at the ASC office at 146 York St. The Littlestown area will vote at Rebert's Implement Shop, M. St., Littlestown; the New Oxford area at the Farm Bureau building in New Oxford and the York Springs area at Lehman's Feed Store in York Springs.

This year when Adams County farmers join corn farmers throughout the nation they will have two choices.

The Two Choices
One is a new program under which there would be no acreage allotment and no

Chester G. Shultz Wins Weekly Football Contest

Chester G. Shultz, 207 Baltimore St., selected 11 of 12 football winners in last week's contest sponsored by The Gettysburg Times and 12 cooperating merchants to win the first prize of a \$15 merchandise certificate.

Fifteen of the 182 contestants picked 10 games correctly but a mother and her son took the second and third prizes, respectively, due to their feature game point total predictions.

Mrs. Willis Conover Sr., R. 1, named the exact point total, 19, while her son, Willis Conover Jr., predicted a 24-point total. Carlisle defeated Gettysburg High 13-6 to make the total 19.

Thirteen other contestants selected 10 winners but were wide of the mark in their feature game total predictions.

Selections were made as follows last week: One, 11 correct; 15,

BIGLER GRIDDER HAS MENINGITIS

John Harmon, 18, senior fullback on the Biglerville High School football squad, is confined to the Carlisle Hospital where his illness has been diagnosed as spinal meningitis. His condition was termed serious but not critical.

Harmon, son of Mr. and Mrs. Ben. B. Harmon, Biglerville R. 1, is reported to have complained of feeling ill last week. He did not play in the Biglerville-Littlestown football game Friday night.

The youth was admitted to the hospital Friday midnight. No paralysis has developed.

GETS 43 DAYS IN JAIL ON 8 VIOLATIONS

Daniel Francis Shorb, 32, Thurmont R. 1, was sentenced Monday evening to 43 days in the Adams County jail on eight motor code violations and entered a plea of guilty to a "hit and run" charge on which he will be sentenced by the Adams County court.

Shorb had been sought by state police since July 4 when he escaped on foot through woods near Hunterstown after leading police a 15-mile chase at "70 to 85 miles per hour" over the Gettysburg battlefield and along roads between Gulden's cabins on the Fairfield Rd. and Hunters-town.

Saturday police caught him in woods near Hunterstown after a half-mile auto chase which included the ramming of the state police car by Shorb's vehicle.

Faces Court Later
Monday night police escorted him on a visit to Justice of the Peace John Whitman, Cumberland Twp., and a trip to Justice of the Peace Robert Bell, Straban Twp.

Before Whitman he pleaded guilty to the charges brought as a result of the July 4 escapade. He was assessed \$10 and costs or five days in jail on a charge of speeding at 70 miles an hour; \$10 and costs or five days in jail for failing to drive on the right side of the road, \$10 and costs or five days in jail for failing to stop at the signal of a uniformed police officer, \$5 and costs or three days in jail for failing to stop at a stop sign and \$10 and costs or five days in jail for driving without an operator's license.

Having no money with him Shorb chose the 23 days in jail. From Justice Whitman he was driven to the home of Justice Bell. There he again pleaded guilty to all charges against him. He chose the 20-day levy on charges of driving without an operator's license, reckless driving and failing to comply with the signal of an officer. He also pleaded guilty to the hit and run charge arising from the wrecking of the police car. The court will pass sentence on that charge.

Continuous Conflict
Dr. Zagars, who is a native of Latvia and a naturalized citizen of the United States who has been teaching economics in this country for the last 13 years, said the whole aim of the Soviets is to "overtake and surpass the United States." Warning that this nation cannot afford complacency, he said the Soviet rate of economic growth is double that of the United States.

The Soviet political organization is geared for continuous warfare in line with the Communist philosophy that there can be no peace but only brief intervals between conflicts, he said.

President John C. Stahl presided at the dinner meeting at the Shetter House and reported ticket sales reports on the benefit football game last month now total \$855 with reports not yet complete. He also said fruit cakes for sale before the holidays have been ordered.

Gordon Webster reminded Lions to bring "white elephants" for the convention fund-benefit auction to be held next Monday evening.

Program Chairman E. J. Nowicki Jr. introduced the speaker.

10 correct; 39, nine; 44, eight; 37, seven; 24, six; 12, five; seven, four; one, two; one, one; one, none.

The sixth of the weekly contests will be held this week. Games to be selected are listed in a page of advertisements appearing elsewhere in today's edition of The Times.

Each week \$25 in merchandise certificates are offered in prizes, \$15 for the winner; \$7.50 for second prize, and \$2.50 for third.

Entering the contest is free. All you have to do is pick up an entry blank from one of the merchants, fill out completely, and return to the offices of The Gettysburg Times not later than Friday at 5 p.m.

The feature game this week will be the Gettysburg-Hanover High game here Friday evening.

Employees of The Times are ineligible to participate.

Bendersville Couple Marks 50 Wedding Anniversary

Mr. and Mrs. Dennis C. Rice, of Bendersville, celebrated their 50th wedding anniversary Monday night at a dinner at the Lamp Post Corner Tea Room. Thirty-four relatives and friends were guests at the dinner given in honor of the couple by their daughter, Mrs. Edna Tuckey, manager of the tea room.

Mrs. Rice was the former Miss Clara Ulrich, of Table Rock and Biglerville, daughter of the late Mr. and Mrs. Lewis L. Ulrich. The couple were married in Bendersville November 10, 1908, by the Rev. Samuel Diehl.

Mr. Rice is the son of the late Mr. and Mrs. Isaiah Rice who operated the present Rice farm.

Mr. and Mrs. Rice have farmed near Bendersville for most of the 50 years that they have been married and continue that farming operation today. They have two children, their daughter, Mrs. Tuckey, and a son, Lewis R., of Carlisle. There are also two grandchildren and two great-grandchildren.

Recalls Wedding
On this anniversary, Mr. Rice recalled the events of 50 years ago and how this couple managed, with some success, to escape the groups of friends who sought to serenade them.

One friend, pursuing them, arrived in Bendersville at about the time the Rices were being married, but the newlyweds were out-of-town before he located them. He resorted to the telephone, calling someone on the road to Biglerville, only to learn that the couple had passed by. A second telephone call to a Biglerville friend produced the information that the Rices' buggy was tied up at the Ulrich home.

"It was a case of the horse outdistancing the telephone," Mr. Rice said. Thus they escaped being "roped" on the road, a popular contemporary trick frequently played on newlyweds.

But they were serenaded later at the bride's home in Biglerville. "They never caught us at Bendersville, though," Mr. Rice recalled.

Fire Auxiliary Plans Dinner On December 8
The special education program locally was outlined Monday evening by Mrs. Kathryn Gitt Schultz, teacher of an elementary special education class here, in a talk before the auxiliary of the Gettysburg Fire Department at the engine house, E. Middle St. Mrs. Schultz also displayed a number of craft articles made by her students.

Preliminary plans were made for a Christmas dinner December 8 at the American Legion home, Baltimore St. Mrs. Robert Shealer was appointed chairman for the dinner with other members of the committee being Mrs. Charles Woodward, Mrs. Glenn Weishaar, Mrs. Francis Yingling and Mrs. Robert Hefflin.

Plans were made for operation of the cake table and refreshment stand at the public turkey party to be held by the Gettysburg Fire Department at the engine house Friday evening.

Nominate Officers
Named as the committee for the cake table were Mrs. John Codori, Mrs. Donald Peters, Mrs. Joseph Sanders, Mrs. Frank Groft, Mrs. G. Henry Roth, Mrs. Marie Clabaugh, and Mrs. Robert Hartman. The committee for the refreshment stand was listed as Mrs.

SAN ANTONIO, Tex. (AP) — The Army plans to shoot a rocket right at the moon and create a man-made planet, Dr. Werner von Braun said today.

And the German-born rocket genius predicts "it has a one in two chance of doing just that."

The rocket would never come back.

It will be the first of two moon-probe shots by the Army.

The Air Force has so far launched three probes. One soared about 79,000 miles of the 239,000 to the moon in October, then was

Raised \$520 For UNICEF In Town

Approximately \$520 was raised for needy children around the world in the UNICEF-sponsored "Trick or Treat" project in Gettysburg at Halloween time, Mrs. Frank Hewetson, local chairman, said today. Reports are not complete but \$367 has been turned in by Fifth and Sixth grade pupils from Keefauver school, \$110 from Gettysburg Parochial school pupils and \$41 by a group of Y-Teens and local church young people.

Mrs. Hewetson expressed her appreciation to all who donated to the "Trick or Treat" project and to all who helped with the collection of the funds.

No county-wide figure is yet available on the Halloween project for UNICEF.

MINISTERIAL GROUP HEARS H. E. RIEGLE

"Our public schools will not become cold and atheistic until our teachers have lost their Christian principles," Gettysburg Superintendent of Schools H. Edgar Riegle said in a talk Monday morning before the Adams County Ministerial Association at its November meeting at Christ Lutheran Church here.

Speaking on the subject, "Religion in the Public Schools," Mr. Riegle said that the schools are secular by law. He traced the history of public education and observed that through the years and currently the schools reflect to a great degree the concerns and interests of the communities in which they serve.

Much of the kindness and attention received by many youngsters comes to them from school teachers, Mr. Riegle said as he stressed the importance of "dedicated, Christian teachers" in the public school system. A discussion period followed his talk.

Dr. Paul L. Reaser, county president, presided at the meeting which opened with devotions led by the host pastor, the Rev. Herman G. Stuempe Jr. During the business session, the ministry to occupants of institutions was discussed and several proposals offered for future action.

Clothing Appeal
Emphasis was given the Thanksgiving Clothing appeal for overseas relief being sponsored by the

SAYS FOE HAS ONE HONESTY-WORLD RULE
"Veterans Day should not only be a day of recollection, it should also be a day of challenge," Col. Charles Stack, chief of information services, Olmsted Air Force Base, told the local Rotary club at its meeting Monday evening in the YWCA.

"It is particularly necessary that we meet the challenge of the empire that has been thrust upon us. Never before in the entire course of history has any nation been faced as we have with world leadership in the manner in which it came to us. Others sought it, and took it. We did not seek it, and we still seek to avoid it. It was much more comfortable being a second class

We take on this great responsibility with the utmost reluctance.

"Our ancestors 200,000 years ago began to realize that if you wish to accomplish anything you must join into societies. And if you are to have society you must have some kind of law, or code. And if you are to have anything but chaos each must relinquish some freedom, must sacrifice, as it were, some chaos, for the common good.

Two Philosophies
"Out of that need two philosophies have grown in the world, and throughout all history there has been conflict between the opposing camps of those two philosophies. From the Greeks through the Romans through medieval Europe through to the present time one side has been committed to the belief that man is born free, that he has rights as an individual, that as a human

ALUMNI TO MEET
A reorganization meeting for alumni of the Biglerville High School and for graduates of the former Arendtsville High School has been called for Wednesday evening at 7:30 o'clock in the cafeteria of the Biglerville elementary school. All graduates of the two schools are urged to be present.

The Kiwanis Club of Gettysburg will sponsor the nationally-known 46-piece "Elys" Chorus of Hanover together with the Highgate School of Music tap, toe and ballet dancing, Thursday, Nov. 13, at 8:15 p.m. in Gettysburg High School auditorium. Adults, \$1.00; students, 50c; children under 12 free.

DR. MARSH, 69, FORMERLY OF COLLEGE, DIES

Dr. Robert P. Marsh, 69, who retired in 1954 as professor of science at Pembroke (N. C.) College, died Monday morning in Middlesex General Hospital, New Brunswick, N. J. He had lived in New Brunswick, at 225 Townsend St., since his retirement.

Dr. Marsh received bachelor degrees from Middlebury College, and New York University, and his master's degree and doctorate from Rutgers University. While studying at Rutgers, he received the Adams Fund and Lindabury Fellowships.

From 1924 to 1939 Dr. Marsh was head of the Department of Hygiene and Biology at Gettysburg College. He went to Pembroke in 1947. He was a veteran of World War I.

Well Known Here
Dr. Marsh had written many articles on plant nutrition, trace elements and soil science. He was a former vice president of the National Biological Society, Beta Beta Beta Chapter at Gettysburg, and a fellow of the American Association for the Advancement of Science.

He was a past commander of the Knights Templar in Gettysburg and a member of Palestine Masonic Lodge 111, in New Brunswick. Dr. Marsh was also a vestryman of St. John the Evangelist Protestant Episcopal Church in New Brunswick.

His first wife was the late Mrs. Kate Conover Garland Marsh. In 1954 he married the former Mabel Wells, who survives.

121 ENROLLED IN AUXILIARY OF LEGION POST
Memberships in the Auxiliary of the Albert J. Lentz American Legion post now number 121. The goal is 222, Mrs. Edith Bushman reported Monday evening at a meeting of the auxiliary at the American Legion Home, Baltimore St.

She announced that the first report on membership must be made to the state department by November 21 and urged all members to pay dues for 1959 prior to that date.

Delegates were elected for the 4-County Council meeting to be held December 4 at Dallastown. They are: Mrs. Howard Hartzell, Mrs. Paul Spangler, Mrs. Ethel Dickert, Mrs. Mary Fridinger, Mrs. Miriam Fitz, Mrs. Bushman, Mrs. Joseph Bushey and Mrs. Jean McCrorie.

Little Rock School Board May Defy U.S. By Quitting
The U.S. 8th Circuit Court of Appeals? Should the board stay on, how can it integrate schools which are not operating?

Gov. Orval E. Faubus closed Little Rock's four high schools to avoid integration. He has shown no inclination to reopen them.

County Supervisor A. B. Wetherington said he is not sure just who can appoint a new school board.

A recent legislative act which authorized recall of board members would be filled by the county judge until the next school election.

Wetherington said the law does not cover resignation en masse.

If the present board quits, Little Rock voters could elect a new slate at the regular school election Dec. 6.

Luther A. Stevens, 54, full-time member of the Gettysburg police force since January, 1957, and a special policeman for several years prior to that, died suddenly this morning at 11:20 o'clock in the kitchen at his home, 308 N. Stratton St.

Dr. C. G. Crist, Adams County coroner, said the death was caused by a coronary occlusion.

Officers Stevens had served a night trick Monday, starting at 6 o'clock in the evening and concluding at midnight. The record shows his only special call during the night was to arrest and place in jail a man accused of disorderly conduct. Otherwise it apparently was a quiet night's duty.

Former Capitol Officer
He arose this morning and worked about his home, burning some debris, and then went to the kitchen at his home, telling his wife that he did not feel well. A few moments later he collapsed and death occurred.

He served as a policeman at the governor's mansion and the capitol at Harrisburg for a number of years and made numerous acquaintances during that time. Particularly close acquaintances were former Governor and Mrs. James Duff.

Active in the Odd Fellows locally, he served in all of the offices of that lodge and was a past noble grand of the group. He also was active in the Past Grand's Association of the county, was a past patriarch after holding all other offices in the Union Encampment and was one of the founders of Canton 15, the military order of the Odd Fellows, when it was established here.

He held the rank of captain in the local Canton and then was named to a district post with the title of lieutenant colonel.

Services On Friday
A member of St. James Lutheran Church here, he was also active in the local Moose, the Fraternal Order of Police and the Gettysburg Camp of the Sons of Union Veterans. At one time he had also been a member of the

APPROVE NEW \$190,000 WING TO E. B. SCHOOL
The Bermudian Joint School District board at a meeting Monday evening in York Springs gave orders to proceed with plans to construct a five classroom wing to be added to the East Berlin school at an estimated cost of \$190,000.

Plans for the addition were submitted Monday evening by representatives of Buchart Associates, York architects. The cost estimate includes renovation work in addition to the construction of the annex. The decision to build the wing represents a change in plans which formerly involved renovation of a concrete block section of the present school building.

President Charles Spangler presided at the meeting with all member boards represented. Bids for coal for the York Springs Elementary School were opened and the contract awarded to Gilbert McCauslin, York Springs, at his offer of \$13.50 per ton.

The board adopted a policy that secondary pupils may be detained after school for disciplinary purposes even though they use bus transportation.

Reports showed 13,882 school lunches were served in October to 265 pupils at East Berlin and 400 at York Springs.

The board received a report from a special committee study

LITTLE ROCK, Ark. (AP) — What happens to a community's schools when its school board quits?

Who operates the schools? These questions face Little Rock today.

Five of the six members of the board have discussed resigning. This report was confirmed Monday by a member who declined to be identified by name.

Wayne Upton, board president, said the group would meet officially today—ostensibly to discuss the latest federal court ruling ordering integration at once in Little Rock's public schools.

If the board resigns, who is left to handle the routine duties—such as signing paychecks—or attempt to carry out Monday's edict from

GIVES SEWING MACHINE TO Y

Sixteen members of the YWCA board met Monday with Mrs. Arthur Rice Jr., vice president, presiding. Devotions on the subject of Thanksgiving were led by Mrs. Milton Remmel, Mrs. Mark A. Eckert of the house committee told of the gift to the Y of a sewing machine from Mrs. Donald Swope.

Mrs. Stanley Hull reported on Y-Teen activities last month.

About 20 Tenth and Eleventh grade girls plan to serve as helpers at the hospital in a program arranged by Mrs. James Allison. A new group for rural Y-Teens, to meet Thursday evening from 7 to 8 o'clock, is being organized by Miss Patricia Wilkinson and Miss Nancy Klinefelter, advisors.

Mrs. Paul L. Reaser, World Fellowship chairman, announced a fellowship breakfast at the Y this morning, a luncheon, a Y-Teen snack at 4 p.m., and the Annie Danner meeting on Fellowship, open to the public this evening at 8 o'clock. A brief religious service will be held at noon Wednesday, Thursday and Friday at which time a light lunch will also be served.

Mrs. William Rombin will be in charge of the club meeting November 17, when the topic will be "The Open Door," an article in the November 7 issue of Women's Day. The Hanging of the Green ceremony of the Y will be held Sunday afternoon, December 7.

Mrs. William Conover of the Rotary committee, announced that 164 dinners were served to Rotarians in October.

STATE GRANTS TO BE BOOSTED

Beginning December 1 the new maximum grants for recipients of old age assistance in Adams County will increase from the present \$62 per month to \$94.80, it was announced by the State Public Welfare Department at Harrisburg today.

Harry Shapiro, public welfare secretary, said the increased amounts were figured on actual costs. He said the differences represent variations in the costs of shelter and fuel utilities among the counties.

The increase for persons 65 and over, were made possible by additional federal money made available by the last Congress.

In Cumberland County the increase will be from \$62 to \$101.80; in Franklin from \$64 to \$94.80 and in York from \$62 to \$94.80.

Firemen Send M-D Campaign Letters

Gettysburg firemen are sending letters asking donations to the annual Muscular Dystrophy chairman of the March for Muscular Dystrophy for the firemen, announced today.

The letter states that the firemen will make a door to door canvass for Muscular Dystrophy next Monday evening, November 17, from about 6 to 8 o'clock.

Menges said letters will be left at all doors where there is no one home, asking the persons to send in a contribution if they wish.

He made clear that "this is not a contribution to the Gettysburg Fire Department. We are serving as volunteers for the Muscular Dystrophy Association of America and we wish to help in part by making this drive in our community to help the thousands of muscular dystrophy victims, most of them children who will never live to grow up. One-third of all money collected will be held to help anyone from our community who might be afflicted with this mysterious disease, which attacks the muscles."

Plan Meeting To Set Water Rates

Arendtsville borough council will meet in a special session Thursday, November 20, following its meeting with the Arendtsville municipal authority the same night, it was decided by the council at its regular meeting Monday evening.

At the special session, the council will decide on the amount of the water rate increase which will be required to finance renovating of the borough's water system. The authority opened bids for the improvement work last week and discussion at that time indicated that a rate increase of nearly 100 per cent will be needed to provide the revenue necessary to retire the authority bonds which will be sold to finance the project.

DISMISS CHARGES

Willis Soto, Gettysburg R. 1, was arrested Monday by borough police on information filed by Mildred Bell, Gettysburg, and was charged at a hearing before Justice of the Peace Robert P. Snyder with assault and battery and surety of the peace. The charges were dismissed and costs of the case divided.

JAILED FOR HEARING

Monroe Selby, Albuquerque, N. M., was jailed Monday evening on a disorderly conduct charge filed by borough police before Justice of the Peace Robert P. Snyder. A hearing is scheduled for today.

Closing Date For School Is Changed

The fourth session of the Adams County Leadership School was opened Monday evening with devotions by Rev. Reynolds Simmons, pastor of the Church of the Brethren and host to the school.

Claude O. Meckley of Hanover was the teacher for the evening in the course on "Methods of Teaching."

The school has been well attended with an average of 100 or more each night.

Action was taken to change the closing night of the school from November 24 to November 25, due to conflict in dates with the Biglerville Christmas parade. On the final night the worship service will be at the close of the class periods, at which time there will be a fellowship hour also. Rev. Herbert Brownlee, president of the school, said.

SAYS FOE HAS

he has value. The other side is committed to the idea that the state is supreme and each man lives by privilege, not by right.

"Through the history of the world the camps have been divided, most often the camp that holds the state supreme has been the largest in numbers, but always so far the forces that believe man has a right to be free, even though driven often into desperate corners, has maintained its beliefs.

"Today we mark the efforts, the sacrifices that men have made in order that we should arrive at this spot with our democracy, our comforts. For by the grace of God and the valor and energy of our ancestors we are the most comfortable people the world has ever known.

Best Democracy

"Our democracy is not perfect, for nothing that man makes is perfect, but it is the best that has been devised so far. Nowhere in the world before has man so had the opportunity to develop individuality and yet work together.

"But this may be our last Veterans Day.

"For today we face the most monstrous thing that has ever enslaved men's minds. Even Hitler pretended to some truth, some legality.

"But our enemy today does not even pretend. He has only one honesty, his intention to rule the world. Never before has there been, as there is today, one philosophy seeking to destroy all other philosophies. This is not our old enemy. To the philosophy that the state is supreme has been added something much more dangerous, much more deadly, this utter lack of scruple, of lack of truth, of single minded desire to dominate."

President David Blocher presided at the meeting with 60 present. The speaker was introduced by Lt. Col. Martin Peters. Robert Codori led group singing accompanied by Dr. Frederick Shafer at the piano.

IOOF AUXILIARY NAMES OFFICERS

Mrs. Esta Reindollar was elected president of the Jennie Wade Auxiliary affiliated with Canton No. 15 of the Independent Order of Odd Fellows, at a meeting Friday night. STOCKS HIGHER

NEW YORK (AP) — The stock market stepped further into record high ground today but trimmed some of the gain early this afternoon.

Gains of most key stocks went from fractions to about a point. Some wider advances were made. There was a scattering of small losers and a number of pivotal issues were unchanged.

TOWN NATIVE DIES SUDDENLY

Mrs. Grace Eckenrode Wolford, 63, Coatesville, a native of Gettysburg, died suddenly Monday afternoon in a drugstore in Coatesville where she had gone to secure a prescription. She had been under a physician's care for two years but had been in her usual health when death occurred.

The deceased was a daughter of the late William and Dora L. (Shields) Eckenrode. Before going to Coatesville in 1943 she resided in New Oxford.

Mrs. Wolford was a member of St. Cecilia's Catholic Church, Coatesville, and was employed as a seamstress at the VA Hospital in Coatesville. She was twice married and both husbands preceded her in death. Her first husband, James Sponseller, died in 1915 and her second husband, Mervin G. Wolford, in 1925.

Surviving are three daughters, Mrs. Ruth T. Williams, Abbotstown R. 1; Mrs. Victor B. Smith, McSherrystown, and Mrs. Troy C. Grove, Pomona, Calif. Seven grandchildren also survive.

Funeral services Thursday morning, meeting at the Fred F. Feiser Funeral Home, New Oxford, at 8:30 after which a requiem mass will be held at 9 o'clock at St. Mary's Immaculate Conception Church, New Oxford, with the Rev. Philip J. Gergen as celebrant. Interment in the church cemetery. Friends may call at the funeral home Wednesday evening after 7 o'clock. Prayers will be offered at 8 p.m. by the Rev. Fr. Gergen.

PLAN SERVICE ON WEDNESDAY

Under auspices of the Travel Council and Sons of Union Veterans, Gettysburg, will mark the 25th anniversary of the erection of the Alabama monument on the Battlefield at 4 p.m. Wednesday.

In the brief ceremony, a Gettysburg R. 4, girl, four-year-old Donna Lee Shriver, will place a wreath symbolic of the union of the North and South at the bronze and granite monument on S. Confederate Ave., erected a quarter of a century ago by the United Daughters of the Confederacy.

The youngster is a great-granddaughter of both a Confederate and a Union Veteran. Her parents, Mr. and Mrs. Chester S. Shriver, will represent the North and South at the service. Mr. Shriver, department secretary of the SUV, will represent his grandfather, James Monroe Flannery, of the 64th Confederates.

Portions of the address made by Mrs. L. M. Bashinsky, of Troy, Alabama, past president of the UDC at the dedication 25 years ago, will be repeated. Sixteen regiments and one battalion of Alabama infantry and two battalions of Alabama Artillery participated in the Battle of Gettysburg.

At the service 25 years ago, then U. S. Senator Hugo Black represented Alabama. Mrs. Lewis Sewell, Mobile, Alabama, was chairman of the program.

ADAMS WOMAN IS ARRESTED

One person was charged with larceny and two with motor code violations as the result of an investigation by Hanover police following a telephone call received at police headquarters about 9 p.m. Sunday that suspicious persons were prowling near two parked vehicles at Moul and Ridge Aves., Hanover.

Robert J. Simons, 20, Hanover, was charged with larceny of gasoline from the tanks of two panel trucks owned by J. C. Heltebride, Hanover; Rita M. Whitcomb, 17, of 2 Oxford Ave., McSherrystown, with operating a motor vehicle without a driver's license and operating an automobile bearing incorrect license plates, and Michael A. Whitcomb, 20, Owings Mills, Md., with allowing an unlicensed person to operate a vehicle in his charge.

The three were apprehended after an attempt was made to siphon gas from the Heltebride trucks with a rubber hose, Hanover police said.

The car operated by Mrs. Whitcomb was equipped with license plates issued to Mary Louise Whitcomb, Reistertown Rd., Owings Mills.

It was learned by police that Michael Whitcomb has lost the privilege of obtaining an operator's license in Maryland and also that his former license was revoked in that state.

Simons was placed in the Hanover lockup pending restitution. Information on the charges were lodged by Hanover police before Justice of the Peace William Y. Naill Jr., Hanover.

EISENHOWER

(Continued From Page 1)

The joint conference on the annexation was recommended to the board in a report from its Finance and Planning committee, submitted in the monthly report of Superintendent H. Edgar Riegler. The committee suggested that school board, Cumberland Twp. school board and road supervisors, the town council, the Gettysburg School Authority, the Planning Commission and legal counsel for any of these groups be invited to attend the joint meeting.

Reports from Buchart Associates, York architects, indicated the work is "going well" on the new school and "good cooperation" is being secured from the general contractor, W. R. Oyer, Inc., Waynesboro. Complaints about some of the work being done on the new school were aired a month ago at the school board meeting.

Three general contractor's work was 48 per cent complete on October 23, the date of the last job conference, the board was told. Gerry Orndorff, job supervisor at the new school for the Buchart firm, said construction work has passed the 50 per cent point and is "on schedule."

"Lack Of Cooperation" Other reports given by Orndorff showed the heating contract work is 60 per cent complete and the plumbing work 56 per cent. Both figures apply to the October 23 conference date.

Orndorff said that Oyer has complained of lack of cooperation from the heating contractor, Ferraris of Shippensburg, and has asked the heating firm to have its job boss on the site daily. Orndorff said the heating boss is there three times weekly and is on call at other times.

No report was available on the electrical work's progress. Orndorff said the electrical contractor did not attend the job conference because of bad weather.

Orndorff told the board that four pipe trench access doors placed by Oyer, which do not fit specifications, are going to be replaced with the specified doors soon. Outdoor masonry that has to be corrected will be taken care of as soon as the masons finish work on inside walls now involved in building progress.

The time the architect's representative spends on the school job here has been increased, Orndorff said, but is not on the basis of a regular schedule so that his visits can have the element of surprise.

The board approved a recommended change in the facing of one wall of the lobby of the new building from painted concrete blocks to "split rock" surfacing that will give the appearance of a stone wall of slightly variegated coloring. The net increase in cost will be \$800 and it was pointed out there will be no maintenance cost as there would have been with the painted blocks.

The board will ask the Authority to make the change in the contract plans. The contingency fund can handle the cost increase, the board was told.

ing the insurance program for the entire system and asked the committee to continue its work and get proposals from interested agencies. The committee recommended major buildings be insured on their replacement cost basis and suggested an investigation of liability insurance for employees.

A proposal to exercise the jointure's option on the proposed high school site lost for lack of a majority of one board. The matter will be considered again at a later meeting.

can become tri-focals if need be." He also described the use, expanding rapidly in recent years, of contact lenses, glasses that fit under the eyelid, against the eye, providing improved vision without the need for external glasses.

He showed a film on "Magic Lens" which gave details on the manufacture of lens and the fitting of glasses.

Final arrangements were made for the presentation of the Hanover Elks' Chorus concert at the Gettysburg High School auditorium Thursday evening at 8:15 o'clock. The Hanover chorus, which has won the national Elks chorus championship a number of years, will be augmented by a 20-voice female chorus for the concert.

Funds raised through the presentation will go into the charity fund of the Kiwanis Club. President Herbert G. Hamme said that in addition to tickets available from the members, tickets will also be sold at the door on the night of the concert.

Alfred Young of Melburn, N. J., was a guest at the meeting.

121 ENROLLED

The president, Mrs. Bushey, announced that the Gettysburg auxiliary will be host to the 4-County Council in March. The committee on arrangements includes: Mrs. Spangler, Mrs. Fridinger and Mrs. Dorothy Pinko, with Mrs. Hartzell in charge of the program. The auxiliary, whose oldest member, Mrs. Emma Rupp, 92, is a patient at the Pape Convalescent Home, voted to send her a bouquet. Members were also asked to send her cards on Thanksgiving day.

A \$5 donation to the Muscular Dystrophy fund was voted.

Plans were made for the annual Christmas party to be held December 8. Mrs. Hartzell and Mrs. Ridinger were named to the entertainment committee; Mrs. Ethel Dickert, Mrs. Spangler and Mrs. Fitz will have charge of refreshments and Mrs. Pinko and Miss Shirley Fridinger will be in charge of games.

Miss Fridinger was awarded the "pig in a poke." A Thanksgiving program will be held at the November 24 meeting, it was announced.

APPLY FOR LICENSE

counselor. Supervising Principal Amos D. Meyers was authorized to rent the York Springs fire hall for physical education purposes during the winter.

Bills totaling \$48,697 were ordered paid. Philip Dunn was retained as the certified public accountant to audit school records for another year.

In connection with the discussion of the jointure's qualifications for supplemental state funds, it was pointed out that the district qualifies fully on most services including medical, dental and nursing care and qualifies "about 90 per cent" on the lunch program.

The state champion Hanover Elks Chorus that will sing Thursday evening in the Gettysburg High School auditorium under sponsorship of the Gettysburg Kiwanis Club is shown above. The concert will begin at 8:15 o'clock. Tickets are on sale by members of the Kiwanis Club and will be available at the door.

In addition to the Elks chorus, a supplemental group of 20 female voices will sing and there will be numbers by the "Pixies," a trio of young girls. Special dance numbers by dancers from the Hildegard Hamme School of Dancing also will be on the program.

previews by the teacher and used effectively," Riegler said. He added that if the cost of \$1 per pupil the net increase in film costs for the 250-pupil system would be about \$500 and there was the prospect that more films would be used than under the present rental system. The schools now get free or rental films from any available source and usually have transportation and insurance costs to pay.

May Acquire Lodge

The board referred to its property committee a proposal from the Gettysburg borough board that it might turn over the "lodge" building south of the high school building to the joint school system if it would be useful to the joint district. The second floor of the building now is rented and part of the first floor is used for storage.

Riegler called attention to local observance of American Education Week sponsored by the local unit of the PSEA. He also reported on plans for a reading program survey by a Study Council in which the local district has subscribed a membership.

He distributed to the directors reprints of a Coronet magazine article on "Bargain-basement Education Is No Bargain" and a Philadelphia school study council newsletter on educational problems.

The board granted use of the high school cafeteria to the Gettysburg Jaycees for their All-Sports Night dinner program.

Dr. R. D. Wickerham, who presided, reminded member boards that their re-organization meetings are to be held December 1 and asked them to be ready to report on new officers and committee assignments at the next joint board meeting December 8.

The board turned over to the property committee the matter of developing a policy on insurance requirements for free or rental users of such school facilities as the auditorium, cafeteria and gymnasium at the high school.

Business Manager Kenneth G. Reinhart Jr. explained to the board a detailed financial statement for the joint district as of November 7 showing the fractions used in calculating each district's share of current and capital expenses. He urged districts to keep up to date on their payments into the joint school district treasury.

The report showed Cumberland, Franklin and Highland Twp. owe the district treasury varying sums. The Cumberland board turned over a \$15,000 check Monday evening which brought them up to date on payments.

Directors received the monthly report of the school health service from the nurses, Miss Ellen Miller and M. Lucille Brennan. The report showed 212 pupils reported to the nurses for varying reasons in October. Three were taken home ill and parents called for 13 others. Nurses visited 13 homes. Two hundred pupils were given physical examinations and 250 had dental exams. Eighteen pupils were referred to their doctors and three to dentists.

Other Reports

The physical examination schedule has been completed in the high school and have been started in the elementary grades.

The monthly report of the treasurer, the Gettysburg National Bank showed a month-end balance of \$4,511 after expenditures of \$83,520. Tuition payments last month totaled \$81,500.

The high school cafeteria report showed receipts of \$7,837 and expenses of \$8,084. The Keefeauver report was not available. The Activities fund showed a balance of \$13,450 and the Athletic Association \$1,580. The athletic fund receipts were \$2,923 for the month and expenses \$2,073. The meeting adjourned at 10:15 p.m.

Martin To Occupy Part Of Old A&P

The former A&P store room at 25 Baltimore St. will be divided to provide housing for two businesses, it was announced Monday. One of these will be occupied by Martin's Shoe Store, now at 22 Baltimore St.

Partitions will divide the present first-floor storeroom and basement and give each new storeroom an area about 125 by 15 feet.

For George Martin, owner of the shoe store, this will be the second move in several years. Formerly his business was on the west side of Baltimore St. near the G. C. Murphy Co. store.

Martin said his store will be equipped and decorated in the latest style and will have three front windows, two 4 x 16 and one 3 x 13. Interior shelves and wood trim will be of light oak, he said.

Property Transfers

These deeds were filed in the office of register and recorder today.

Mary C. and Charles S. Diller, Hanover R. 2, sold to Cletus W. and Edna M. Houser, Penn Twp., York County, property in Conewago Twp. for \$1,764.

Mary C. and Charles S. Diller, Hanover R. 2, sold to J. Burnell and L. A. King, Hanover, property in Conewago Twp. for \$1,764.

Joseph R. and F. Geraldine Reybold, Conewago Twp., sold to Roy and Hilda C. Barnes, Hanover, property in Conewago Twp. for \$14,500.

Will Reorganize Local Flying Club

An encouraging show of enthusiasm for the reorganization of the Gettysburg Flying Club has been noted by R. Delroy Keller and Charles Heller, two local residents who are among the group which met recently to explore the idea of reactivating the club.

The group will meet again on Thursday at 7:30 p.m. in the Army Reserve Center, 33 Queen St., to elect officers. Anyone interested in flying is welcome to attend, Keller said.

The reactivated club plans to buy a plane and make low-cost flying instruction available to its members.

Heller and Keller reported that they had about a score of inquiries since the group met November 3. They may be contacted by calling 672.

Six club members and seven others attended the November 3 meeting.

DRIVER FACES CHARGES

Joseph W. Clabaugh, Gettysburg R. 5, was charged by police Friday with carrying a load extending over four feet without a red flag in an information filed by state police before Justice of the Peace Eugene S. Long, Bonneauville.

YOUTH RETURNS HOME

State troopers of the local detail who asked borough police to watch for John Byerly, Aspers R. 1, who was reported missing Saturday, said Monday the 14-year-old youth "returned home on his own Saturday."

CAR IS DAMAGED BY BIG TRUCK

A 1950 Dodge was damaged to the extent of \$200 Friday afternoon at 3:05 o'clock by a tractor-trailer truck at the intersection of Carlisle St. and E. Lincoln Ave., borough police reported today. The truck was not damaged.

Elwood F. Sheasley, 48, Montgomery, Pa., was heading north on Carlisle St. with his tractor-trailer rig when he halted for the traffic signal at the intersection. The Dodge driven by Marie T. Collins, Washington, D. C., halted also for the signal but drew up alongside of the truck next to the curbing on Carlisle St.

Both drivers then attempted a right turn onto E. Lincoln Ave. at once and the right rear wheels of the trailer hooked the left front fender and door of the car forcing the right wheels up over the curb and "doing considerable damage to the left side of the car," the accident report stated.

No one was injured in the mishap, police said.

Army To Try

moon and then home again. The Army plan is in a large sense much less difficult.

The small fourth-stage of a multi-stage rocket has to be given an initial speed of 25,500 miles an hour or better. That is the escape velocity to get it forever away from the earth.

The earth's gravity pull gets weaker and weaker the farther you go away from the earth and for practical purposes the rocket can escape from any real influence of terrestrial gravity.

Might Hit Moon

The rocket would speed up when it fell under the influence of the sun's gravity and take up its orbit around the sun.

This is presuming it doesn't hit the moon, even if aimed directly for it.

Hitting the moon without guidance control inside the probe would be fantastically difficult. That is partly why Von Braun gives it a one in two chance of escaping to become a planet.

To Carry Instruments

Army experts indicated they would not be unhappy if the probe did hit the moon. It will be sterilized to prevent contaminating the moon with earthly germs if that did happen.

The probe will carry instruments to report particularly on the mysterious band of radiation recently discovered high above the earth. It is designed to give full reports on how far this radiation extends.

FRACTURES LEG

Mrs. Elmer Shildt, 56, Taneytown R. 1, has been admitted to the Warner Hospital as the result of a fall in which she suffered a fracture of her right leg on Sunday.

Larry Kennedy, 17, son of Mr. and Mrs. Dyson Kennedy, Bendersville, received treatment for contusions of the back and right hip and a fracture of the right third rib sustained while playing football.

William Wetzel, 22, Springs Ave., was treated for contusions of the right eye received when struck by a stove poker.

CASHMAN FUNERAL

Funeral services for Arthur J. Cashman, 70, of 229 E. High St., New Oxford, who died Thursday at his home were held Sunday afternoon in the Feiser Funeral Home, New Oxford, with his pastor, the Rev. Out Of The Past

FIFTY YEARS AGO

Alarm Of Fire: An alarm of fire was sounded about 2 o'clock Saturday afternoon, caused by a slight fire in the basement of the new college dormitory. The firemen responded promptly and put it out with the use of one of the chemical extinguishers. In the evening between 5 and 6 o'clock the fire broke out again, burning a hole through one of the floors.

The Holtzworth Brothers very generously furnished the horses to pull the engine back to the house thus saving the firemen the hard task.

In The County: Recently a valuable horse owned by B. F. Hoffman, driven by Geo. Cromer, of Reading, fell over dead near York Springs. The sudden stop threw Cromer out of the buggy and he landed on his head, but was not seriously injured.

A strange animal has come to the Pigeon Hills and was traced along the road leading from King's old tavern stand to Spring Grove. The animal left tracks that resemble a human hand. It was further traced to Rev. Looke's woods, where it tore out huckleberry stalks and stones in a circle of about 15 feet.

Wedding Bells: Harvey A. Scott, of Freedom township, and Miss Alice Stonebraker, daughter of Rev. and Mrs. C. A. Stonebraker, of Fairfield, were married Wednesday at high noon at the bride's home. The ceremony was performed by the bride's father in the presence of a few friends.

The bride is one of Fairfield's most beautiful and popular young ladies, while the groom is equally popular. He is one of Adams County's prominent young Republicans and is well and favorably known.

Personal: "The Young People" of October 24 contains a story by Miss Elsie Singmaster called "The Freshman" in which the never-to-be forgotten Small Pox scare at Gettysburg College is introduced.

M. C. Jones, book keeper at the Reaser Furniture Company, has been elected secretary of the Hanover Furniture Company and will have charge of the office of the latter company.

Judge Swope, who was seriously injured in a driving accident, we are glad to note, was able to come out to vote.

Sixty-Two Years A Voter: Our venerable and highly esteemed townsman, Samuel Faber, on Tuesday cast his sixty-second vote at a fall election. Notwithstanding the fact that Mr. Faber is over 83 years of age, he is as active as many men fifty years younger and is thoroughly versed on the topics of the day being a great reader.

Council Meeting: The regular monthly meeting of the Town Council was held last Wednesday evening.

The matter of extending the borough limit on the North, asked by Martin Winter, was the first thing taken up. The extension as asked takes in lots 180 feet deep from Carlisle street to College street. The request for Sewer by the North side of Broadway was read also.

The matter of disposing of ashes was taken up again and no action taken other than that of last month when it was decided that individuals dispose of their own ashes.

It was suggested that both police be placed on duty at night during the winter months, leaving Street Commissioner Warner, who is also a sworn policeman, to attend to matters during the day.

General Local Jottings: C. William Ziegler and son, Ira N. Ziegler, living on York street, each lost a valuable horse recently. Acute indigestion was the cause of their deaths. William Long and Norman McGuigan have opened a restaurant in the room on Carlisle street

Today's Talk

TALK TO A BOY
One reason why I write this talk to you, my boy, is because so often I wish I might become a boy again — if only for a very short period. Youth is a wonderful experience, but, strange as it is, few, if any, ever appreciate its significance until it is gone! But now that you are in the midst of a teen-age world, I swiftly trace the years back to when I was a teen and had many of the thoughts you now have. I thought I was misunderstood. I was sad at times and couldn't understand why I had to pick my way through many confusing years. You were made a boy instead of a full-grown man so that you could grow up to be a man. Everything shapes itself in time, so that nothing is gained by worries and fears. Just be yourself.

Be a good friend and pal to all those with whom you associate. Be a good sport always. Give and take. Then you will always have friends. Go in for all healthful sports. Keep clean in body and in mind. Learn to work at many things with your hands. Think before you enter upon an important work. Then go ahead and do it the best you can. We never know our capacity.

No matter what kind of a home you come from, do all you can to make it happier, and more cheerful. The memory of a good home can stay with you throughout life. Honor that mother of yours. Do all you can to ease her life. The love and life which she has given to you are greater than anything else you will ever know. That love of hers is eternal! Honor all womanhood. And remember that no matter what work you choose as your life work, if it is useful and honest it will be worth while.

Tomorrow Mr. Adams will talk on the subject: "Work"

Just Folks

BOASTING

I never knock a friend, said he.
If good I cannot say,
No word of blame shall come from me;
I scorn the knocker's way.
There's Jones, the finest man I know,
We've never had a tiff;
To anger he is always slow,
And he'd be perfect, if —

And Brown, well, Brown is all right, too;
He's toiling in a rut;
He's trying hard big things to do;
Yes, he's succeeding, but —
And Smith is doing very well;
Some people say he's slow.
How true this is, I cannot tell,
Smith's very bright, although —

Yes, things are coming right my way;
I'm working hard, but then
Hard work was always known to pay;
I'm passing the other men.
In fact, I think that I may say,
In life's eternal press
That, take it all, from day to day,
I am a big success.

EXPECT LABOR TO FORCE FARM UNION IN STATE

WILLIAMSPORT, Pa. (AP)—Farmers can expect labor organizations to continue their efforts to organize them, a farm leader said today.

O. R. Long, director of the Field Service Division of the American Farm Bureau, said in a prepared address at the convention of the Pennsylvania Farmers' Assn. that about 35 per cent of the nation's total labor force is working in agriculture.

At a farm labor session Monday, fruit and vegetable growers were told by association Secretary C. M. Wilson, that proposals being prepared for consideration of the next General Assembly, if enacted into law, will make it extremely difficult for Pennsylvania's vegetable growers to continue in business.

He referred specifically to a regulation made last July by the Pennsylvania Department of Labor and Industry, which imposed a minimum wage for migrant workers.

"If the wages farmers must pay are to be controlled by our government without consideration for weather factors, or economic factors, farmers will find themselves playing against a stacked deck of cards with an agent of government doing all the dealing," Wilson said.

"To set a minimum wage on industry or business where labor costs can be passed on to consumer is one thing. But it is an entirely different picture when government slaps a minimum wage against farmers who have no possibility of passing the added costs on to the buyer."

ACCRA, Ghana (AP)—The government accused 43 persons of plotting to kill Prime Minister Kwame Nkrumah and two of his ministers. Twenty were arrested and police hunted the other 23 today.

An official announcement Monday night said the group formed an underground movement known as "Zenith Seven." Its aim was said to be the violent overthrow of the regime following assassination of Nkrumah.

Leaders of the opposition United party attended a hastily summoned meeting to discuss the arrests.

LONDON (AP)—An urgent appeal went out today for 500 pretty girls to bolster morale among British troops in rebel-torn Cyprus. The girls will work as waitresses in British army canteens following the sacking Monday of Greek Cypriot staff as had security risks.

Mr. Paul L. Roy, Editor
Gettysburg Times
Gettysburg, Pennsylvania

Dear Mr. Roy:

We wish to take this opportunity to express our appreciation to the personnel of your newspaper staff for the very fine coverage and cooperation given to the school boards and administrators of the Upper Adams school area during the recent election period. We feel that through the efforts of G. Henry Roth and John Calaman, the very informative articles they prepared were most important in the dispatch of information concerning the advantages and disadvantages of merged school districts to the voters and taxpayers of that community. These articles were very interesting and informative.

We have frequently commented among the school personnel of the county concerning the very fine coverage given by your newspaper to the news concerning the public schools of Adams County. We are indeed grateful for this fine cooperation.

Very truly yours,
M. FRANCIS COULSON
Assistant Superintendent

GOP LIBERAL MAY GET TOP POST IN PARTY

By JACK BELL

WASHINGTON (AP)—A counter proposal by Sen. Styles Bridges (R-NH) took some of the fire out of a growing revolt by the Senate's Republican liberals today.

With the liberals demanding a greater voice in Republican affairs, Bridges proposed to expand the GOP leadership jobs to three and include a liberal in one of the posts.

The New Hampshire senator said in a telephone interview he will discuss his proposal with President Eisenhower and Vice President Nixon next month.

Change Old Pattern
Bridges, who heads the GOP Policy Committee, announced also he will support a move to give Republican newcomers—as well as holdover liberals—at least one important committee assignment each.

In the past, new GOP senators have been relegated to membership on minor committees, with assignments made on a basis of strict seniority. Under the leadership of Sen. Lyndon B. Johnson of Texas, Democrats have modified the seniority custom to put each new member on at least one top flight committee.

If it is adopted, the Bridges proposal would give such new senators as Kenneth B. Keating of New York and Hugh Scott of Pennsylvania important posts at the beginning of their Senate careers.

It also would move up to more important committee jobs members like Sen. Jacob K. Javits of New York and Sen. Thurston B. Morton of Kentucky, who were elected two years ago.

TOKYO (AP)—Japan's Maritime Safety Board said today 24 Japanese fishing boats, with 24 men aboard, were seized Monday by Communist patrol boats about 100 miles southeast of the Red Chinese port of Tsingtao.

NEW GROUNDS

KNOXVILLE, Tenn. (AP)—Arthur Lemons, 73, was granted a divorce on grounds including the refusal of his wife, 68, to cook him biscuits and cornbread.

YANK ADMITS KILLING JAP

URAWA, Japan (AP)—Airman Peter E. Longpre of Lakewood, Calif., pleaded guilty today of the fatal shooting of a young Japanese student.

The 20-year-old blond airman later told newsmen through his lawyer that he expected a "quick and fair trial" by a three-man Japanese court.

The charge against Longpre carries a maximum jail term of three years or a 50,000 yen—\$139—fine.

While assigned to guard duty Sept. 7, Longpre fired his carbine. The bullet pierced the window of a train going through the base and struck 22-year-old Yoshiyuki Miyamura in the back. Miyamura died on the operating table at the base, where he was going to play in a band.

The U. S. Air Force ruled the shooting did not occur during Longpre's performance of official duty, thus giving jurisdiction to the Japanese court.

ARMY MAJOR IS SHOT TO DEATH

KANSAS CITY (AP)—A 40-year-old major, studying with the Army's brightest officers at the Command and General Staff College, was shot and killed Monday night after robbing a downtown theater of \$568.

Police identified him as Russell Edgar Parker, originally from Corbin, Ky.

John E. Dugan, manager of the theater, shot Parker in the back. Parker staggered down a flight of stairs and through the lobby, then collapsed and died face down on main street in the bright light of the Roxy Theater marquee. He still cradled the theater's metal cash box in one arm.

Wife In Shock

The major's wife, the former Janie McBride of Raelord, N.C., went into shock when she was told of his death. They were living in Leavenworth, Kan., 25 miles northwest of Kansas City, while Parker attended the college at Ft. Leavenworth. They have no children.

"We have been unable to determine any cause for his actions other than that he might have been having some sort of financial difficulties," said an Army spokesman.

Nab Accountant In \$8,000 Shortage

TULSA, Okla. (AP)—John William Groves, 38, Tulsa accountant charged in connection with an \$8,000 shortage in his books at McKeesport, Pa., was arraigned here Monday.

Groves, who disappeared Sept. 30 during an audit, was arrested by FBI agents at his home here. U. S. Commissioner E. Lawton Bragg ordered him held under \$3,000 bond.

Groves is accused of transporting a forged check in interstate commerce. He was employed by Williams Brothers, world-wide pipe line building firm, in 1955 and sent to McKeesport a year ago. The company has its headquarters here.

Boy, 15, Shot In Play, Critical

PITTSBURGH (AP)—Regis Lesko, 15, of nearby McKees Rocks, was reported in critical condition today from a bullet wound in the temple, sustained while he was playing with friends.

Lesko, a patient at Ohio Valley Hospital, was shot with a .22 caliber rifle Monday night at the home of a friend. Police Capt. Joseph Thompson said another boy who fired the rifle thought it was unloaded.

More Scientific Strength Needed

WASHINGTON (AP)—President Eisenhower's chief scientific adviser said today the nation must make a greater effort to achieve the scientific strength it needs for survival. "Already some of the spurt that followed Sputnik has lost its force," Dr. James R. Killian Jr. said in a speech prepared for the American Assn. of Land Grant Colleges and State Universities.

He said there is need for improving government policy making and for giving more and better training in the universities to future scientists and engineers.

HOPE DIAMOND IS GIVEN TO U.S.

WASHINGTON (AP)—The Hope diamond, a beautiful gem with a dark past, belonged to the U.S. government today.

Officials of the Smithsonian Institution hoped to build a national jewel collection, with the 44½ carat stone as a nucleus.

A gift of New York gem merchant Harry Winston, the diamond arrived here by registered mail, insured for one million dollars.

After the dark blue diamond was delivered to the Smithsonian by a postman under guard, it was formally presented by Mrs. Winston. The fabled Hope was accepted by Dr. Leonard Carmichael, secretary of the institution.

The Hope was smuggled out of India about 300 years ago. Since then, it has passed through many hands. A number of its owners died violently and it acquired a reputation of bringing ill fortune.

Beer Flow Stopped By Labor Dispute

PITTSBURGH (AP)—A labor dispute halted production today for the second straight day at the Duquesne Brewing Co.'s South Side plant. About 600 workers were idle.

Pickets from Local 144, International Brewery Workers, began marching in front of the plant Monday. The union wants a suspended worker reinstated, an official said.

Mead J. Mulvihill, executive secretary of the Western Pennsylvania Brewers Assn., said the dispute violated the union's contract. He said he has notified the IBW International.

Union officials said an employee was suspended for two weeks after a dolly was wrecked by a lift he was operating.

PITTSBURGH (AP)—William York Cocks, 73, nationally known architect, died Monday after an extended illness.

DELRA BEACH, Fla. (AP)—Sherman Culver Amsden, 69, former president of Telanersphone Inc., a telephone answering service, died Monday after a long illness.

SANTA ANA, Calif. (AP)—Alton Roy Welton, 72, retired president of the Wheeler Insulated Wire Co., Waterbury, Conn., died Sunday of a heart attack.

244 CUBAN REBELS SLAIN

HAVANA (AP)—The Cuban army says a 72-hour battle near Santiago caused more rebel deaths than any single engagement since Fidel Castro launched his revolt almost two years ago.

Government troops killed 244 rebels and possibly more while losing six killed and various wounded, Maj. Gen. Eulogio Cantillo announced last night. The military commander of the Santiago district said an accurate check of rebel losses was difficult because they "had a great number of wounded."

The army claimed that "rebel and Communist forces had been scattered but are still being hotly pursued" in the area around Santiago, capital of Oriente Province. Castro controls much of the Oriente countryside.

Rebel broadcasts have claimed more than 20 government troops killed in the bitter battle, which centered on the town of Alto Songo.

Judge Bretherick Dies In Phila.

PHILADELPHIA (AP)—Judge Arthur P. Bretherick, of Delaware County Court, died in Graduate Hospital today at the age of 61.

The judge, who lived in Darby, entered the hospital Sept. 24 and was operated on two days later for an obstruction of the throat.

He was appointed a judge in May, 1949, by Gov. James H. Duff, and was elected to a full 10-year term which began in January of the next year.

STATE OF SIEGE IS DECLARED IN ARGENTINA

BUENOS AIRES (AP)—President Arturo Frondizi declared a state of siege in Argentina today in a drastic bid to quell an oil workers' strike which he has branded a Communist-inspired insurrection.

Frondizi's action came as he faced mounting danger to his ambitious plan to make Argentina an oil-rich nation with the aid of foreign capital, mainly from U.S. oil companies.

This is the first time Frondizi has taken such drastic action since he took over the presidency May 1. His proclamation suspends constitutional guarantees and gives police sweeping authority.

Wave Of Arrests
Security forces swept through the capital and interior cities on a wave of pre-dawn arrests. They were ordered to seize Communist, Peronist and Nationalist troublemakers, including agitators in labor's ranks.

Early unofficial estimates placed the number arrested at 300.

Oil workers in Mendoza Province struck a week ago, paralyzing activities in the oil fields at the foot of the Andes mountains. They are protesting the government's plan to get foreign aid for Argentina's nationalized oil industry.

PLANT TREES FOR GRANDDAD

BALBOA, C.Z. (AP)—Two granddaughters of Theodore Roosevelt planted a tree here Monday to commemorate their grandfather's visit in November 1906 to inspect work on the Panama Canal.

Mrs. Robert T. Gannet of Brattleboro, Vt., and Mrs. Adelbert Ames of Concord, Mass., planted the tree as the first plant ceremony in a weeklong Canal Zone observance of Roosevelt's 100th birthday.

They and their mother, Teddy's daughter, Mrs. Richard Derby of Proctorsville, Vt., are guest of honor for the celebration.

Juniata College Heading For 5th Undeclared Year; Lost Once In Six Seasons

HUNTINGDON, Pa. (AP)—Juniata College, where the good little football player gets his chance, is heading for its fifth undefeated season in six years.

The small-package combination of gridiron talent and will-to-win has added up to only one loss in six seasons.

Juniata's current squad under Coach Ken Bunn, winds up its 1958 campaign Saturday against Albright. A victory against the Lions would give Juniata's Indians their fifth unbeaten season in six years.

Consistently outwitted, Juniata has won six times this year and been tied once, 21-21, by Westminster.

Players Work Hard

Bunn, former Pennsylvania State University player who is in his third season at the central Pennsylvania college, singled out these factors in his team's success:

"They work hard at getting in condition, they use a Michigan State style multiple offense and although small, they have a burning desire to win which makes up for physical deficiencies.

"I think we've been lucky in being able to get good boys who have been overlooked by the bigger schools because of their size," he added.

308 Yard Average

This highly concentrated package of football talent has moved the ball an average of 308 yards a game while holding the opponents to a net of 163.3 yards.

Football wasn't always a success story at Juniata. Before Bob Hicks, another former Penn State player, broke the spell with his unbeaten teams in 1953-55, Juniata's record over a 29-year span showed only 80 wins, 126 losses and 11 ties.

Since then, its only loss was 13-6 to Lycoming College in 1956. Besides the tie, with Westminster this year, the Indians were tied by Missouri Valley, 6-6, in the Tangerine Bowl following the 1955 season. Hicks now coaches at DePaul University in Greencastle, Ind.

There's bad news for future Juniata opponents.

Starting lineup shows seven juniors, including fullback Bill Berrier, who needs only three points to set a new single season scoring record for the school. He has 91 now.

3 TOP TEAMS UNCHANGED IN AP GRID POLL

By THE ASSOCIATED PRESS

Louisiana State, Iowa and Army still rank 1-2-3 in The Associated Press college football poll this week but two of the three face real tests in their games this Saturday.

The No. 1 Louisiana State Tigers, fresh from a 30-18 romp over Duke, tackle a Mississippi State eleven which could cause considerable trouble, and Iowa faces a frustrated Ohio State team which will try to regain a little of its lost prestige by knocking off the newly crowned Big Ten champions.

Only Army has what might be called a breather. The Cadets, who defeated Rice Saturday by virtue of a long hope pass in the final minutes, take on Villanova, which is not figured to cause too much trouble.

Northwestern Falls

Only one team of the top 10 a week ago failed to be voted into that select group this week by the sportswriters and sportscasters taking part in the poll. Northwestern, losing to Wisconsin, dropped to 13th place. The Wildcats were fourth last week.

Texas Christian moved up from 11th to ninth on its 36-8 victory over Marquette.

Louisiana State got 95 first place votes in piling up 1,532 points this week. Iowa was a first choice of 52 voters, and its 1,441 points gave it a comfortable margin over Army, which got 999 points without a first-place vote.

SEVEN TEAMS ON SLATE FOR SUGAR BOWL

By HAROLD V. RATLIFF

DALLAS (AP)—Seven schools are on the list from which the Cotton Bowl expects to pick its visiting team but which is the hottest prospect isn't being revealed.

Mississippi, Air Force Academy, Pittsburgh, Syracuse, North Carolina, Army and Louisiana State are on the list. Army is doubtful since Rice may win the Southwest Conference championship and West Point never has indicated it would accept a bowl bid anyway. The Southwest Conference championship is host team in the Cotton Bowl.

Army played Rice last week beating the Owls 14-7.

Louisiana State's can't be called a strong possibility in view of its closeness to the Sugar Bowl.

Felix R. McKnight, chairman of the Cotton Bowl selection committee, said today some of the schools on the list already had been contacted and scouted.

Two Are Tied

Rice and Texas Christian are tied for the lead in the Southwest Conference race with 3-0 records. Southern Methodist still is in contention with 2-1.

Mississippi, with a 7-1 record (the only loss was to Louisiana State, the nation's No. 1 team), has Tennessee and Mississippi State to play. Syracuse, 6-1 (a loss only to Holy Cross but a victory over Pittsburgh), has Colgate, and West Virginia left.

Pitt, which lost to Syracuse and was tied by Army, has a 5-2 record with Nebraska and Penn State to play. North Carolina, 6-2 and now has a 6-game winning streak, has Notre Dame and Duke left.

WIDE COVERAGE ON BIG RACE

LAUREL, Md. (AP)—The running of the \$100,000 Washington D.C. International today will be carried by radio listeners around the world, and with moving picture films to be shown on TV in three countries.

NBC, unable to clear air time for the grass classic, will tape the race for later TV network showing at 4:30 p.m. EST, about 45 minutes later.

Movies will be flown to London for a showing Wednesday over the British Broadcasting Co. television network, and to Havana, also for showing Wednesday on TV.

Radios in Australia will be turned on at 6:45 a.m. Melbourne time for a live description of the running over a 30-station network of Australia's major broadcasting service.

Voice of America will carry the race to South America and Europe, including East Berlin zone, Laradiotel to Venezuela, Radio Eirreann in Ireland, BBC Radio to England, Canadian station CPCL in Montreal, and Europe NRL, the French radio network, to Paris.

Indians Leading AHL Scoring

NEW YORK (AP)—Springfield's Indians, led by the League leading scorer, Ken Schinkel, are completely dominating the American Hockey League scoring.

Three of the four top spots are held by Springfield players, statistics showed today. Schinkel is the top marksman with 30 points on 14 goals and 16 assists. He continued his scoring rampage by adding six points last week.

Tied for the runner-up position are Springfield's Harry Pidhirny and Buffalo's Bill Swaney, each with 26 points. The Indians' Jim Anderson, with 22, is fourth.

Schinkel heads the goal-getters with his 14, while Pidhirny leads in assists with 18. Buffalo's Marcel Paille is still the best goal-tender. He has allowed a low of 2.33 goals a game.

Colts Get \$80,000 For Giants' Game

BALTIMORE (AP)—Don Kellert, general manager of the Baltimore Colts, said the National Football League club took home more than \$80,000 as the visitors' share of gate receipts for Sunday's game with the New York Giants.

Kellert said that was about \$20,000 more than the Colts ever had hauled away for a road game before. Visitors take 40 per cent of the gate. A crowd of 71,163 saw the Giants win 24-21 at Yankee Stadium, a New York pro football attendance record.

NEW YORK (AP)—Army trained for last weekend's game with Rice at Houston by working out in the West Point field house with the heat turned up.

It was a one-day gimmick used by Coach Red Blaik, who felt his Cadets might be jolted by the heat on their first invasion of the Southwest.

"The temperature was 91 on the field," Assistant Coach Barney Gill reported. The Cadets won 14-7.

Fifth Grade Touchball Champs

Maloney, Sixth Grade teacher at the High Street School. The Panthers attend Keefe School where they are pupils in three different homerooms. During the season they compiled a 4-2 record. They won from the Bullets 13-0, 4-0 and 12-0, and Rams 12-0. Both losses were to the Rams 15-6 and 14-7. Squad members will be guests at the Majestic Theater Saturday, November 15, at 1 p.m.

GIANTS FACE STEELERS NEXT

By SHELDON SAKOWITZ

Associated Press Sports Writer

NEW YORK (AP)—The battering the New York Giants took in their grueling victory over the Baltimore Colts last Sunday may have an effect on their game against the Steelers in Pittsburgh this weekend.

Linemen Jack Stroud and Roosevelt Brown and halfback Alex Webster were listed among the injured today with their availability against Pittsburgh questionable. As a result, the Giants are only a four-point favorite to defeat the Steelers.

Stroud, a guard who had been sidelined for several weeks, injured his right knee and definitely will be out of action. Originally, he was sidelined with a strained left knee.

Brown suffered a fractured right cheekbone and was resting at a hospital. Although the break is not serious, the big tackle will be hospitalized for several days.

Webster was in bed at home with a bruised right knee and a swollen right ankle that he said was "in pretty bad shape."

MILWAUKEE (AP)—Otto Graham, one of the top-ranking quarterbacks in football's history, says that football—college or pro—is a business, not a sport.

Graham, who directed the College All-Stars to victory over the pro Detroit Lions in his first coaching effort last August, spoke here Monday night at an annual sports fans' banquet.

He said he had received a few coaching offers, including one from a Midwestern college. "But I'm not interested," said the former Cleveland Browns quarterback. "Let's face it, football's a business, not a sport."

GREEN BAY, Wis. (AP) The Green Bay Packers can wind up with their worst record in the National Football League if they don't nurse their sputtering offense back to life.

So far this year the Packers have lost five games, tied Detroit and defeated only the Philadelphia Eagles.

Still on schedule are two games each against Los Angeles and San Francisco and a Thanksgiving Day tilt with the revived Detroit Lions.

Jimmy Dykes To Coach For Pirates

PITTSBURGH (AP)—Jimmy Dykes, interim manager of the Cincinnati Redlegs during part of last season, has been named a coach of the Pittsburgh Pirates for 1959.

In announcing Dykes' appointment today, Pirate General Manager Joe L. Brown said he was the personal choice of Field Manager Danny Murtaugh. Dykes, 62, succeeds Lenny Levy who resigned to devote full time to his automobile agency.

A veteran of 41 years in organized baseball, Dykes had served as coach of the Redlegs since 1955 before taking over as manager after Birdie Tebbets resigned.

IRELAND'S BALLYMOSS IS FAVORITE

By JOHN CHANDLER

LAUREL, Md. (AP)—The \$100,000 Washington, D.C. International will have its seventh and greatest running today with Ireland's Ballymoss favored to become the 1958 horse of the world.

Ten horses from seven countries were invited to the snooty mile and one half global gallop on Laurel Park's sharp-turn grass oval. With the finest field ever lined up for the race, worldwide interest has mounted to a peak for the annual Veterans Day battle.

Good weather could lure the biggest crowd in Laurel history. The record is 33,715, set in 1956 when France's Master Boing won the International.

Looks Like Champ

Ballymoss has the credentials, and looks the champion. However, no favorite has yet won the race, which is the final jewel in a world crown. Ballymoss can complete the sweep for his Philadelphia owner, John McShain. The colt won Europe's two richest races, the King George VI and Queen Elizabeth Stakes at Ascot where he collected \$66,197, and the Prix de L'Arc de Triomphe at Longchamp where he netted \$106,190.

Although early odds here listed Ballymoss the 6 to 5 favorite, latest word from London was that he was quoted as a 4 to 5 shot.

There are big question marks from all corners of the world, including two Soviet 3-year-olds who have emerged from behind the Iron Curtain for a crack at the Western thoroughbreds. Garnir and Zaryad will run as an entry at odd of around 20 to 1. Garnir won the Moscow Derby, Zaryad was runner-up.

Russia Makes Huge Demands As Price For Warning Plan

By MICHAEL GOLDSMITH
GENEVA (AP) — Russia Monday demanded sweeping nuclear disarmament and elimination of foreign military bases as its price for accepting an international warning system against surprise attacks.

Russian Deputy Foreign Minister Vassili Kuznetsov opened an East-West conference on prevention of surprise attacks with a thinly veiled denunciation of American foreign policy.

The appearance of Kuznetsov, a political expert, as a delegate at the conference in itself was a surprise to the Western delegates who are scientists and military experts.

Could Be Fateful

The five Western nations represented expected to participate in a technical conference devoted to feeling out the capacity of the two sides for launching a surprise war, and to see if there is the technical means of preventing such surprise. They expected to engage in no political problems.

The five-week meeting, in which the Soviet bloc also is represented by five countries, could prove to be a fateful international card game, with each side gradually revealing a bit of its hand in the secret weapon category, especially missiles and bombers.

In his attack, Kuznetsov said the policy of "positions of strength and the brink of war" was mainly responsible for the fear of surprise attacks.

Avoids Politics

This fear, he declared, could be eliminated only by complete nu-

clear disarmament, reduction of conventional arms stockpiles and military forces and abandonment of military bases on foreign territory.

The Western delegates are not empowered to conduct disarmament negotiations or even discuss a possible future treaty for the prevention of surprise attacks. Their view is that such a treaty would be negotiated at a later political conference if the experts agree a warning system is technically feasible.

Speaking for the five Western nations, U.S. chief delegate William C. Foster avoided all reference to political matters. He urged the conference to stick to the purely technical consideration of modern weapons and the means of detecting planned surprise blows.

The United States, Britain, France, Italy and Canada represent the North Atlantic Treaty powers, and Russia, Poland, Czechoslovakia, Romania and Albania the Soviet bloc.

PHILADELPHIA (AP) — Chief Justice Charles Alvin Jones of the Pennsylvania Supreme Court Monday welcomed the newest member of the state's highest tribunal and then eulogized another who died Sunday.

Justice Curtis Bok of Philadelphia, sworn in last Saturday, took his seat on the bench as the Supreme Court opened its fall session in the Eastern District.

But words of greetings that were planned were stilled as Jones devoted nearly all of his opening remarks to Justice John C. Arnold who died Sunday in Clearfield. Arnold, 71, had served on the court six years.

Road Mishaps In State Kill 18

By THE ASSOCIATED PRESS
At least 23 people were killed accidentally in Pennsylvania over the weekend, 18 of them in traffic accidents.

The worst—near Warren Saturday morning—took four lives. Another highway accident, near Harrisburg Sunday night, killed two people and injured two others.

Two people were crushed to death—a boy by a boulder which rolled down a hillside while he was playing and a man by an earth mover. Another man was killed in a fall, an elderly man suffocated to death on coal gas fumes from a stove and a man was killed by a train.

WOULD SCRAP AGRICULTURAL SUBSIDIES

GRAND RAPIDS, Mich. (AP)—The head of the National Grange called Monday for changes in federal farm programs that would free taxpayers from government subsidies on agricultural production.

Herschel Newsom, master of the nation's oldest farm organization, said farm income must come from the users of farm products and not from taxpayers.

In an address prepared for the Grange's 92nd annual convention, Newsom added: "We believe that Americans have both a moral and economic obligation to pay an American price for products which they use or consume from American farms. We do not believe that those same Americans, as taxpayers, have an obligation to subsidize total agricultural production and then pay additional subsidy on that portion not consumed through private trade channels to dispose of it in foreign markets or otherwise."

Farmers Miss Share
The farm leader told Grange delegates present programs have not given farmers a fair income in relation to their contributions to the public welfare.

The convention, which will close Nov. 18, is the first of a major farm group to be held since the Republicans suffered heavy losses in farming as well as other parts of the country at the recent congressional elections.

Newsom said the nation should continue to encourage abundant

Says Knowland Is Still In Politics

LOS ANGELES (AP) — California's Gov.-elect Edmund G. (Pat) Brown says Sen. William F. Knowland is not through with politics.

After Brown defeated Knowland by more than a million votes in the gubernatorial race last week, Knowland, retiring Senate Republican leader, said he was leaving public life for the family newspaper, the Oakland, Calif., Tribune.

But Brown, appearing Sunday on a television program CBS "Face the Nation," described Knowland as "an important publisher with a great national reputation and many friends."

"He represents a strong majority of the Republican party, and you haven't seen the last of him by any means."

Census Estimate In U. S. Is Increased

WASHINGTON (AP)—The Census Bureau has raised by 10 to 15 million persons its estimate of the nation's population in 1975.

New estimates released Sunday put the total for that year at between 215,800,000 and 243,900,000 depending on future trends in births, deaths and immigration. The new figures replaced estimates made only two years ago that the total would run between 206,900,000 and 228,500,000. The present total is about 175 million.

farm production so as to assure ample reserves. But the extra supplies, he said, should not be permitted to drag down farm prices as, he said, is now the case. Newsom called also for government withdrawal from buying and selling of farm products.

GOP CHAIRMEN AGREE PARTY WILL REVIVE

By JACK BELL
WASHINGTON (AP) — Republican state chairmen say unanimously their party will revive from the shattering impact of last week's election losses and make a strong comeback in 1960.

But their ideas vary widely on how to rebuild the GOP ranks decimated by severe setbacks in Senate and House contests.

An Associated Press canvass of 38 GOP state chairmen disclosed that some of them, mostly in the South, want their party to turn back to the conservative policies of the late Sen. Robert A. Taft of Ohio.

Their Aims

Others want to revitalize the Republican organization, and its candidates, to modernize the party's appeal to the average voter.

Still others are confident that the Democrats, with their overzealous congressional margins, will trip over their own feet and more or less let the Republicans back in by default.

Vice President Nixon, who is expected to command efforts to re-furnish the party, was picked by 20 chairmen in varying degrees of firmness as the leading candidate now for the 1960 GOP presidential nomination.

Want To Modernize

Suggestions for modernizing the party's setup came from two chairmen in states where the Republicans were able to turn the Democratic tide and elect GOP

governors. Rhode Island Chairman William T. Broomhead said the Republicans have got to "strengthen everyday relations with people." In his state Christopher Del Sesto ousted Democratic Gov. Dennis J. Roberts as an aftermath of a 1956 ballot count controversy.

James F. Short of Oregon said the Republicans "have some adjustments to make." In his state Republican Mark Hatfield won the governorship while shunning the party label and publicly opposing the Eisenhower administration on its power policies.

Would Go Conservative

There was a feeling among some chairmen that the Republicans need to turn back to more conservative policies. Some of them called for a strong fight against labor leaders, such as that which Sen. Barry Goldwater conducted in winning re-election in Arizona.

N. Bryant James, Louisiana chairman, suggested that the Republicans go back to what he called "the Taft school of thought." South Carolina's Greg Shorey said the GOP can win "if the conservatives roll up their

sleeves and go to work."

In Indiana, where the Republicans took one of their worst beatings, State Chairman Robert W. Matthews said the GOP can count on the Democrats making trouble for themselves.

"The liberals will be in control over the country for the next two years and there will be so much heavy spending the people will be thoroughly disgusted," he said.

George W. Milas Jr., chairman in California, where the Republicans took a snuffing, reflected the optimism of most of his colleagues.

"If you recall," he said, "we were pretty badly smashed up by Harry Truman's election in 1948 and we came back pretty fast."

ARMY PLANS TO LAUNCH MOON ROCKET DEC. 5

CAPE CANAVERAL, Fla. (AP) —The Army pushed ahead with plans for its first moon rocket launching today after the latest Air Force attempt fell far short of success.

Maj. Gen. John B. Medaris, Army missile chief, said so far the Army is on schedule. Some of the equipment needed to blast a satellite around the moon already has been shipped to the cape.

If all goes well, the Army probably will make the first of its two attempts about Dec. 5 when the planes of earth and moon again are in the best position.

The Air Force has had three tries and came closest on Oct. 11 when Pioneer I traveled an unprecedented 79,000 miles through space.

Air Force missilemen pored over flight performance data to determine what caused a power failure in the third stage of the Pioneer II rocket early Saturday morning.

Instead of firing a satellite about 220,000 miles to the moon, the rocket fizzled at an altitude of 1,000 miles and disintegrated in the earth's atmosphere

while they were out. The bandits tore the safe out of the wall and took it with them.

WORLD ON WHEELS

By FLOYD CLYMER

NEW AUTO SALES LAW — Automobile dealers are now confronted, for the first time, with a federal law that requires the publication of prices on new automobiles. This new law might be well termed "Truth in Labeling" law, and it has just gone into effect. The law was sponsored by reputable automobile dealers and automobile manufacturers and supported by the National Automobile Dealers' Association. It is designed to protect the ethical and honest dealers and to drive out the unethical and unscrupulous ones. The new law requires factories to advise their dealers to display on every new car a legal price tag. This price tag must list the manufacturer's suggested price on the basic automobile, the transportation cost paid by the dealer, the amount the dealer charges for delivery, plus a separate listing covering the price of each item of optional equipment and accessories.

Public Loses Confidence — This law as brought about by the fact that the practice of packing prices caused the buying public to lose confidence in doing business with some automobile dealers. Even the ethical dealers were forced by sales pressure to move along with the "pack" idea. Heretofore it has been difficult for the average buyer to have any idea of what he was actually paying for, as the charge were usually hidden insofar as the retail buyer was concerned. If the price of a car was \$300 higher than it should have been, the dealer seldom made this \$300 additional profit as he usually gave it away by over-allowance on the used car taken in trade. Without trade-in, it also enabled him to give a large discount, which seemed to please the average buyer who thought he was getting a big "kick-back."

For example, the average buyer, with an offer of \$1,000 for his old car on a new car priced at \$3,000 would accept it — and yet this same usually intelligent person would pay \$3,150 for the same car, with a \$1,100 allowance on the old car. He actually paid more money but he was so elated over the higher allowance on the higher-priced car that he failed to realize that he was actually paying more difference. He was happy, however, in the thought that he got a larger allowance for his old "clunker."

Restoring Confidence

The new federal law is definitely a major step towards restoring the confidence of the buyers in their automobile dealers. The law has real teeth in it, and penalty for violation of this new pricing law is a fine of \$1,000 or a one-year prison sentence for those who falsify the truth label or remove it before the car is sold to the customer.

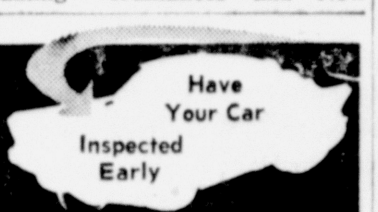

CAR RENTAL IS NOW BIG BUSINESS — Many of the firms who now have rental cars available in practically every city in the United States are offering pre-planned type of tours. The Avis Rent-A-Car System is now offering over 200 specially-selected excursion ideas, each covering a different part of the U. S. The tours are planned and developed by travel experts with years of experience in handling details of vacation planning. The excursions range from one day tours of a major city or historical center to complete point-to-point itineraries for trips requiring several days of travel. The plan includes recommendations for stopovers, hotel or motel accommodations, and information on additional ways to enjoy the pleasures of seeing America by car.

Rental Cars Available

Airlines are stressing the fact that rental cars are now available at all airports and that this business has had a tremendous increase in recent months. Most rental companies offer a selection of various makes of cars, from the lowest priced to the higher priced luxury cars. A limited number now offer imported makes. In most instances, it is far cheaper for a traveler to rent a car than it is to cover the same distance by taxi, providing the distance is not a short one.

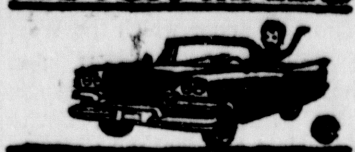

POLICE CRACKING DOWN ON JAY-WALKING — As months go by more and more cities, and even smaller towns, are enforcing ordinances that prohibit "jaywalking." Los Angeles probably was the first of the large cities to enforce this law and it is not uncommon to find a Los Angeles policeman, motorcycle officer or patrol car officer writing out a ticket to anyone caught crossing the street between intersections, especially in the congested districts. Elderly people seem to collect the most tickets for these violations.

Enforce Ordinance — Other large cities are now starting to enforce the "jaywalking" ordinances and New

Club Women's Driving Contests Make Life Safer

By Jeanne Smith
Safety Consultant

Members of women's clubs are competing "behind the wheel" these days instead of engaging in cooking, sewing or knitting contests.

In Peoria, Ill., for instance, women in the Association of Commerce recently organized a "Safe - T - Drive" in which representatives of 25 clubs participated.

Following a written examination on safe driving techniques, the women took to their steering wheels and met in combat on a roped-off downtown street.

A gold bracelet was awarded the club members who most skillfully demonstrated her ability to park and to maneuver a car on the planned obstacle course.

Driving duels, similar to the Peoria contest, are held every spring in Arlington, Va., between a representative from each of the federated women's clubs and a member of each of the men's service organizations.

An obstacle course is set up in a large parking lot, with the top scoring man and woman receiving trophies attesting to their driving skills.

But, more important than any trophy, is the comment of a police officer who said, "After these contests, driving is a lot safer for everyone involved. They remember the first rule of safety — courtesy to others."

ORDER IS ENDED

The support order against Robert C. Wherley, Hanover, has been terminated by the Adams County court following a reconciliation of the couple.

Tune In WGET, 1450 On Your Dial

York City, is the latest one to crack down on the "jaywalkers." Traffic and police safety departments have long contended that many unnecessary accidents are caused by pedestrians crossing streets between intersections and being struck by a moving vehicle.

Another new development in traffic control in the United States is what might be considered a new word — "YIELD." More and more traffic signs reading "YIELD RIGHT OF WAY" are appearing at intersections, and motorists are cautioned that they should be fully aware of purpose and significance, says the California State Automobile Association. These signs are designed to expedite the safe movement of traffic at certain intersections where conditions may not warrant a red stop sign. The California Vehicle Code states (and similar states) that a motorist approaching a YIELD sign at an intersection is required to:

1. Reduce his speed to 15 miles an hour.
 2. Stop, when necessary, to yield the right of way to any vehicles approaching on the intersecting street that are so close as to constitute an immediate hazard.
- Drivers who do not obey these injunctions are not only driving unsafely and discourteously but are also breaking the law.

The 1959 Lincoln reveals its classic design consistency by retaining its clean, long, low sweeping lines. Styling refinements include an enlarged sculptured steel scallop that extends into the front door, an aluminum applique at the rear quarter, and a new front grille that extends into the headlamp area. A new wraparound bumper encloses the grille. Overall length has been reduced two inches. Lincolns will have an improved all welded unitized body that provides added strength and eliminates squeaks and rattles.

THE DRIVER'S SEAT

An interesting sidelight on highway law turned up recently in White Plains, N. Y.

Seems that the county court in White Plains doesn't quite agree with local authorities about when a motorist is guilty of speeding and when he isn't. What's been happening is that speeders convicted in village and town courts have been getting off scot-free in county court.

Here's how it works: to suggest a speed violator to arrest, there has to be a speed zone sign that clearly established the limit.

So far, so good. But when you get down to the fine print in the law, you find that the signs have to carry warning letters of a specified size, they have to be placed at a specified distance from the roadway, made of specified material and stand a specified height.

Lawyers Are Appealing — What's been happening in White Plains, and probably lots of other towns, is that lawyers for convicted speeders are appealing — and winning — these cases

on grounds that the signs failed to meet all requirements in the ordinance.

The reaction of safety-minded citizens is probably well summed up by this editorial comment from a newspaper in the White Plains area:

"... we do hope sincerely that these technical differences will be wiped out and that an arrangement can be effected whereby the local convictions stick. Because whenever a speeder hits and kills a man, the explanation that he wasn't really technically guilty won't dry the widow's tears."

It certainly points up the fact that as drivers we ought to take a lot closer look at the highway signs we travel by. Would it be possible for some "cowboy" to sidestep us at high speed, then duck the blame in court by claiming:

"It was dark and I couldn't see any sign. In violation of section 10, paragraph 7, line 5 of municipal ordinance 187 the sign was not reflectorized for night visibility, had two and one-half inch-high letters instead of three-inch ones, and was four feet to the right of the pavement instead of five feet."

Motorists who are required to drive by the letter of the law should check to be sure that the letter be of correct size when it goes on a highway sign.

WILL DISPLAY NEW LINCOLNS HERE FRIDAY

Classic styling refinements marked with conservative and clean lines enhance the appearance of the 1959 Lincoln and the Mark IV Continental, which will be displayed here Nov. 14.

Front and rear grilles are restyled and more steel sculpture has been added to the profile. Continental has added two new models — a limousine and a town car.

Lincoln has continued with its unitized construction for 1959 in a plant at Wixom, Michigan, especially designed for this type of automotive manufacturing. The plant began operations 14 months ago.

Roomier Interiors

Lincoln and Continental are the only cars in the fine car field to use the integrated body construction method. This permits tighter fitting doors, roomier interiors and greater torsional rigidity or resistance to body twisting effects. Body rust proofing, both inside and out, is done by immersing the whole body nearly 18 inches in a paint tank.

The new Lincoln profile is almost two inches shorter than last

year's but remains big in appearance. Clean, long, low lines are accentuated in the front by a sculptured steel design extending from the front wheel area into the front door. The sweep of line is continued by a chrome spear along the side. A tasteful applique brightens the rear quarter panel.

One-Piece Grille

A new front wraparound bumper protects a new one-piece grille. The rear view continues to be impressive in size but the lines merge quietly into a restrained, bright metal trim on which the rear bumper and lower deck moulding form an oval shape and enclose the textured grille that houses integrated running and stop lights at either end. Rec-

tangular back-up lights are placed at the inner side of the taillights. The fuel filler opening is blended into the center of the grille.

The Mark IV Continental has extended its classic design elegance into two new models — a limousine and town car. Crafted by a custom body builder for the finest quality touches, these two new automobiles will increase the number of Continental models to six. In addition to the town car and limousine, the Mark IV Continental offers a four-door hardtop, a four-door sedan, two-door hardtop, and a unique soft top convertible with an all glass rear window.

The town car and limousine

COP IS KILLED AT ROADBLOCK IN COLORADO

BOULDER, Colo. (AP)—A rain of bullets cut down a city patrolman early Sunday at a roadblock where he and another officer had halted a car of suspected robbers.

Officer Raymond McMaster, 30, was struck four times. He died a short time later at Boulder Community Hospital.

Sheriff Arthur T. Everson said Revilo Robert Sides, 22, of Denver, was arrested here Sunday afternoon. He was questioned for more than two hours, then jailed without charge. Everson said officers here and in Denver are seeking Sides' brother.

McMaster and Patrolman Howard Grothman halted the car north of this university city within an hour of a \$1,500 armed robbery at a roadside cafe at Lyons, 16 miles north of here.

Leaves Car Unseen

The officers first believed only one man was in the car. The driver emerged and stood mute. McMaster circled the car and was shot down by a gunman who had

Dramatic Rescue Is Spoiled By Dog

PASADENA, Calif. (AP)—A cocker spaniel spoiled a dramatic attempt to rescue him from a mountain ledge by rescuing himself.

George, the pet of the Bernard Helfand family, fell off a mountain trail while on a family hike and wound up on a ledge half way down a 225-foot canyon wall. He spent the night there, seemingly trapped.

But as a rescuer was being lowered by ropes down the steep slope George suddenly appeared at the top, having found his own way out.

left the car unseen on the passenger's side.

The patrolman sprawled on the ground while the bandits fired at him. When another police cruiser approached, McMaster's killer jumped in the bandits' car and escaped. The original driver fled on foot across a field.

McMaster and Grothman fired nine shots.

The getaway car was found abandoned in North Boulder. There were blood stains in the back seat.

RUSSIAN MOVE ON BERLIN MAY BRING CRISIS

By THOMAS P. WHITNEY
A Foreign News Analyst

If Nikita Khrushchev really means what he says about abrogating four-power rule in Berlin and freedom of transport between West Berlin and West Germany,

there's going to be a new and dangerous international crisis.

The Western powers stood up to the Soviet Union 10 years ago on this issue and forced a Russian backdown with the successful airlift.

So long as the Russians and their East German satellites only talk about blockading Berlin things will be all right. But if they try actually to interfere with Western control over West Berlin or transport and communications between West Germany and West Berlin, there will be real trouble.

His Words Plain

And this time, in contrast to the Berlin blockade, the United States, France and Britain could count on the full support of a powerful West Germany in any countermeasures.

What Khrushchev said at the

Polish-Russian friendship rally in the Lenin Stadium in Moscow Monday was plain enough.

He said four-power rule in Berlin should be ended. He said the agreements under which the West has unhindered transport and communication rights between West Germany and West Berlin are obsolete and that the Communists should free themselves from them. He said the West should deal with East Germany directly on questions concerning East Berlin and stressed that the Soviet Union would consider an attack on East Germany as an attack on the Soviet Union.

This sounds menacing. If Khrushchev is really serious, then it would follow that the Russians will formally denounce four-power rule in Berlin and the agreements

on which it is based, that the East Germans will interfere with surface and air transport into West Berlin and that the Soviet Union would regard any action of force by the West to break a blockade as an act of war.

The catch here is that, as Khrushchev no doubt knows, this would mean World War III. It seems questionable that he intends to start the world conflagration, at least in this way.

The West promptly let it be known that any Communist trouble over Berlin will be met with the same firmness shown at Quemoy.

The U.S. State Department bluntly rejected Khrushchev's proposal. A spokesman quoted recent U.S. statements of readiness to fight for West Berlin.

Get Bids On 'Pike Link To Maryland

HARRISBURG (AP)—The State Highways Department will open bids Dec. 5 for construction of 7½ miles of interstate highway between the Maryland state line and the Pennsylvania Turnpike's Breezewood Interchange.

The project is the first controlled access highway construction along the projected interstate route between the Turnpike and U.S. 40 at Hancock, Md.

The department will also open bids Dec. 5 for a section of the Interstate Penn-Can highway between the New York state line and Great Bend, Susquehanna County. The section is 12.6 miles long.

"I simply couldn't wait any longer. I've been wondering about that super market going up on North Queen Street, Littlestown, Pa., so I stopped in the other day to find out for myself. Well I've never seen a super market like this! Beyond a doubt, this is the largest and most beautiful super market in the Littlestown area. I asked the manager when they would be opening, and he told me in just seven more days . . . but if I desired, he would take me on a tour of the new market. Well I didn't have too much time, but I said yes . . . I was so thrilled at the new Super Thrift. I've never seen such wide aisles . . . easy to push my shopping cart I can tell you. Beautiful farm fresh fruits and vegetables in spacious self-service cases allow you to select the desired produce and continue shopping without any delay and the produce is prepackaged which provides a handy container for storage in a home refrigerator. I just can't put into word the way I felt as I went through my new Super Thrift super market. Roomy, wide aisle grocery shelves stocked with national brands as well as Leadway Quality Foods arranged to make your shopping trip a pleasure . . . special table-trimmed self-service meat department allowing you to inspect and select the cut and weight desired and all meats are prepackaged in a temperature controlled room to insure quality. The Frozen Food, Dairy, Candy, Health and Beauty Aids, Houseware, Toy and Softgoods Departments round out the complete Super Thrift Market. And if that isn't enough, Super Thrift has a spacious free parking plaza with ease of entrance and exit. . . . Free check cashing service. . . . Speedy automatic checkouts . . . all shopping carts are equipped with baby seats . . . and the new Super Thrift Market reveals a distinctive beauty all its own, both the design and harmonious colorings are elegant on any basis of comparison . . . they'll help to make your shopping a pleasurable experience. I can tell you one thing! I'm counting the days on my fingers for the new Super Thrift Market to open . . . cause in just that one visit I can't wait for the opening . . . I've gotten the Super Thrift feeling already!"

James MARLOW Reports

The Associated Press

WASHINGTON (AP)—Edmund G. Brown has just won the governorship of California but he won't—or maybe it's his publicity man who won't—win any prize for modesty.

As soon as this Democrat beat Republican William Knowland in last Tuesday's election his headquarters bombarded Washington newsmen with airmail, special delivery letters on his victory, new power and splendid qualities.

Brown's win over Knowland pushed him into national prominence for the first time; he hasn't yet moved into the governor's office to show what he can do; but these letters were like telling the big-name political tigers in his party:

"Make way, boys, for a lion." The tigers may be impressed or they may think that for sheer gall newcomer Brown—or his publicity man—is in a class by himself.

In one sentence the letters denied Brown has any ambitions for the Democratic presidential nomination in 1960, in the next said he'd probably be California's "favorite son" candidate, and then wound up with this unabashed phrase:

"Brown's moderation and his ability to weld conflicting interests make California's governor-elect a leading contender for national political leadership in the Democratic party."

"Make Nobody Mad" Whoever wrote the letters is no newcomer to political doubletalk, which is a special kind of jargon intended to please everybody a little bit and make nobody mad much.

Brown was described as a "political moderate who nonetheless adheres to progressive principles." This is like listening to a Republican describe "Modern Republicanism."

You can draw from the letters a slight feeling Brown is not only thinking of himself as the Democrats' presidential candidate but is already warming up against a man he thinks may be his Republican rival.

Said one of the letters: "Brown had to work hard for everything he got. There was no money to send him to a university, so he went to night school and read for a blind attorney on the side."

Brown's humble beginnings stand out in sharp contrast to those of another new figure on the national political scene, Governor-elect Nelson Rockefeller of New York.

If these letters had been used

PHILADELPHIA (AP)—California State Teachers, who barely squeaked by Edinboro Saturday to win the State Teachers College Conference football title, appear a cinch to end their season with an 8-0 record.

Only Washington & Jefferson, winners of one game this year, stand between California and the only perfect record in Pennsylvania this year.

BETHLEHEM, Pa. (AP)—Eugene G. Grace, 82-year-old retired board chairman of Bethlehem Steel Corp., was released Monday from St. Luke's Hospital. Grace was admitted Oct. 29 for observation and treatment. The hospital said he is in satisfactory condition, but gave no other details.

In Brown's gubernatorial campaign—before his election and with some slight changes—they might have gotten him some more votes.

But it's hard to understand why they were pumped out to Washington newsmen after the election, before Brown even took office, and before the Democratic party even had a chance to digest its national victory.

Maybe the publicity man had them left over from the campaign and liked them so much he could not bear just destroying them. One thing is sure: These letters did his boss up Brown.

DEMOCRATIC FIGHT OVER SPEAKER SEEN

By LEONARD A. UNGER

HARRISBURG (AP)—The possibility of a fight among Democrats for the speakership of the House developed today between Rep. H.G. Andrews of Johnstown and Rep. Mary A. Varallo of Philadelphia.

Andrews, who served as speaker during the marathon 17-month session of 1955-56, told the Associated Press he was "positively receptive" to serving in the same post in the 1959 Legislature.

He made the statement amid reports that Mrs. Varallo also was seeking support for the prestigious job on the basis of Philadelphia's huge strength in the House Democratic delegation.

Bloc From Philadelphia

Philadelphia Democrats comprise 36 members, or about a third of the 109-vote Democratic group. Mrs. Varallo, away on a 10-day vacation, could not be reached for comment. She has served as caucus chairman and assistant floor leader.

Sen. Joseph M. Barr, Democratic state chairman, was expected to call a meeting of the House Democratic delegation early next month to slate candidates for the leadership posts.

The job of House Democratic floor leader is wide open. Andrews served in that post after the 1957 Legislature adjourned. Albert S. Readinger, floor chieftain during the actual session, was elected a Berks County judge.

Seem Sure To Control

Democrats seemed certain to retain control of the House to matter what the outcome of three disputed seats.

A reckoning of unofficial election returns gives 109 seats to the Democrats and 101 to the Republicans—with 106 necessary to control.

Rep. Julian Polaski of Erie won both the Democratic and Republican nominations in the May 20 primary and was automatically elected last Tuesday. The original list of winners put him in the Republican column but he is actually a Democrat and will vote with the party in the house.

The three seats in doubt, all with Democrats listed as tentative victors pending an official count, involve close races in Philadelphia, Schuylkill and Clearfield counties.

Taylor In Old Job

Some of the prospects mentioned for House Democratic floor leader include Reps. Stephen McCann (Greene), J. Dean Polen (Washington), Herbert Fineman (Phila.) and George X. Schwartz (Phila.).

If Andrews wins out as speaker, it would be expected that the floor

Sight Wreckage Of Missing Airplane

LISBON, Portugal (AP)—The Lisbon Airport control tower said an English plane hunting a missing flying boat had reported sighting the remains of an unidentified plane.

The remains were located between 35 and 40 miles southeast of the spot where the missing Portuguese plane was believed to have made an emergency landing Sunday with 36 persons aboard. Six were Americans.

Shipping was alerted and a Portuguese patrol vessel which was two hours' voyage away made for the spot at once. Other ships also were on their way.

JUDGE SHEEP AT SHOW TODAY

leadership would go to one of the philadelphians.

Among the Republicans, Rep. Albert W. Johnson (McKean) appeared likely to succeed himself as floor leader with Speaker W. Stuart Helm (Armstrong) and Alben M. Gibson (Warren) vying for assistant floor leader. Gibson held that post in the last legislature.

On the Senate side, Sen. M. Harvey Taylor (R-Dauphin) appeared a certainty to serve another term as senate president pro tempore.

TO CONSIDER CLOSING TAX 'LOOPHOLES'

By B. L. LIVINGSTONE

WASHINGTON (AP)—Key congressional Democrats are weighing a serious drive in the new Congress to plug long-standing loopholes in the tax laws in an expected scramble for added revenues.

Faced with new government spending prospects and a massive budget deficit, tax experts regard such a move the only feasible alternative to a general tax increase.

No boost in either personal or business income tax rates is now contemplated.

Renews Suggestions

Retiring Secretary of Commerce Weeks renewed Monday a suggestion for a uniform manufacturers' sales tax. He said it would permit some cuts in both corporation and

entered by Fred Frey, Quarryville, Lancaster County, took the grand championship in the carcass steer on foot class.

The reserve champion in the class, a summer yearling Hereford, was shown by Pennsylvania State University.

Animals in the carcass division will be slaughtered and carcasses will be judged for quality later in the show.

The grand champion carcass lamb, a Hampshire, was exhibited by Sunny Crest Farm, Somerville, Ohio. The reserve champion, also a Hampshire, was shown by Lunsford Farms, Monterey, a.

individual income tax rates and still increase revenue. But key House members see such a move as at best a last-ditch device.

How far a loophole-plugging shakeup of the tax laws may go is uncertain.

Yet Democratic leaders of the House, where all tax legislation originates, appear to be committed to at least a start in this direction.

To Hold Hearings

Speaker Sam Rayburn of Texas, in a post-election statement, called attention to tax law revision hearings to be undertaken by the House Ways and Means Committee when Congress convenes in January.

Rep. Wilbur D. Mills (D-Ark.) Ways and Means Committee chairman, noted in a forecast of possible tax legislation published last September that "tax differentials and preferences now existing . . . cut our tax base by billions of dollars."

As areas of possible tax revision, Mills pinpointed the favorable tax treatment now afforded those who convert ordinary income to capital gains, allowances for depletion of natural resources like oil and coal, special rules favoring income of insurance companies, and the favorable tax treatment accorded farm and other cooperatives.

HARRISBURG (AP)—Edward C. First Jr., attorney for the Pennsylvania Restaurant Assn., today praised a state board which held public hearings on minimum wages for women and minors employed in restaurants, hotels and motels.

In a report prepared for some 125 state restaurateurs attending a board meeting here, First said the new board showed much greater deference to the employer's position, his problems and rights.

Tune In WGET, 1450 On Your Dial

NEW BOOK BY GENERAL MAY STIR CRITICS

"As the U. S. stands poised on the brink of war with Red China and the USSR, General Wedemeyer delivers a devastating indictment of the Grand Strategy of World War II—strategy which inevitably set the stage for today's world crisis," a critic of the general's new book said.

In the expert reevaluation,

Wedemeyer, a military strategist, has dared to open the Pandora's box of World War II high command and diplomacy. Powers and personalities emerge in arresting new perspectives as Wedemeyer bares official correspondence and conversations, secret meetings and agreements which foreshadowed the Allied invasion of Europe, the war in the Pacific, and American postwar policy in Asia.

"Wedemeyer Reports" is also an objective, dispassionate record of self-examination, spanning a tumultuous period. Detailed with accuracy and candor, it is destined to stir up a storm of controversy from the Pentagon to distant political capitals of the world.

Candid Close-ups

Illuminating the report are candid close-ups of great wartime figures; revealing sidelights on the pre-Pearl Harbor newsbreak of General Wedemeyer's "Victory Program" and his subsequent investigation by the FBI; the momentous trip to London in April, 1942, with Marshall and Hopkins; and the postponement of Operation Bolero (the proposed invasion of Europe in 1943) to Overlord in 1944. Perhaps the most revealing of all are the disquieting facts

behind his famous Wedemeyer Report on China and the Acheson-Truman White Paper which followed.

Condemning a score of tactical and diplomatic errors in World War II strategy—from Churchill's plan for "closing the ring" on Germany to our own bankrupt postwar Asian policy—this logical, documented report by a topflight strategist, commander of American troops in the China Theater and chief of staff to Chiang Kai-shek, makes an exciting contribution to modern history.

Held For Murder
Of Infant Son

READING, Pa. (AP) — Mrs. Anna Mae Moser of Boyertown was in Berks County jail today on a murder charge in the death of her infant son.

Police said Mrs. Moser telephoned her husband, John, Monday and told him she had killed her seven-month old son, Gary. Moser, at work, called police who found the baby hanging by a diaper from his crib.

Mrs. Moser was in no condition to be questioned, Asst. Dist. Atty. Harold Blumberg said. She was jailed after a preliminary hearing before Justice of the Peace Earl Keim.

The Mosers are parents of another son, Gregory, 7.

JULIE WILSON
NO LONGER TO
BE MISTREATED

By CHARLES MERCER
NEW YORK (AP) — When friends told Julie Wilson that she didn't appear to best advantage on television some time ago, the attractive singer and dancer went into action immediately.

"I cut my hair, starved myself to death, changed my mouth and defied the cameras to mistreat me," she said the other day.

The cameras no longer mistreated her. She will appear to best advantage Nov. 20 co-starring with Alfred Drake and Patricia Morison in the "Hallmark Hall of Fame" (NBC-TV) production of "Kiss Me, Kate" (9:30 p.m., EST) "Kind To Me."

"Kiss Me, Kate" by Sam and Bella Spewack, with music by Cole Porter, is a joyous romp based on Shakespeare's "The Taming of the Shrew," raked and Miss Morison played in its long Broadway run.

"It's a show that's been very kind to me," said Miss Wilson, who played in the road company in this country and then went to England in the dual role of Bianca and Lola Lane. There she rocked Coliseum audiences nightly with her rendition of "I'll Always be True to You, Darling, in My Fashion" and went on to a featured part in the British revue "Bet Your Life."

Talents Obscured
Returning to this country, she played leads on Broadway in "Kismet" and "Pajama Game."

Considering all this, it seems strange that Miss Wilson remains fixed in many people's minds as primarily a nightclub singer of so-called sophisticated songs.

"By sophisticated," she says, "they mean a bit risqué. Why can one or two songs in a supper club make people overlook the fact you're an actress?"

To Serve 6 Months
For Evading Tax

PHILADELPHIA (AP) — Harry J. Alker, 74-year-old Philadelphia and Norristown attorney, has been ordered to begin serving a six-month jail sentence Monday for evasion of \$35,000 in estate taxes.

U.S. District Judge C. William Kraft issued the order Monday. Alker was convicted on three counts of evading estate taxes in April, 1957. Two counts were reversed by the U.S. Court of Appeals.

He also is under sentence of a year and a day and a \$30,000 fine for evading \$185,000 in income taxes. That sentence has been stayed pending a U.S. Supreme Court appeal.

He must pay an \$8,000 fine, in addition to the jail sentence on the estate taxes charge.

Students Picket
For Class Trip

POTTSTOWN, Pa. (AP)—Pottstown High School seniors peevish by their principal's desire to curtail the annual class trip, picketed a school board meeting last night.

Principal Stanley I. Davenport said a one-day trip should be substituted for the usual three-day trip to New York.

Student misconduct was his reason. Three students were sent home for drunkenness last year, he said.

The board listened to the students' protests and suggested they discuss the matter with Davenport and the class sponsors.

Allocate Money
To Drain Mine

WASHINGTON (AP)—The Interior Department announced Monday a federal-state anthracite mine drainage grant of \$1,332,000 for the Truesdale Mine in Luzerne County, Pa.

The project is designed to protect 35 million tons of anthracite reserves. It calls for the purchase of four 4,000-gallon-per-minute pumps at the mine, which is on the lands of the Glen Alden Corp. in Hanover Twp.

Harrisburg, spent the weekend at the home of Mrs. Briel's parents, Mr. and Mrs. Henry E. Waitman, and family, Glenwyn Drive.

Mr. and Mrs. Robert H. Miller, S. Queen St., visited their son, Wayne, a freshman at Franklin and Marshall College, Lancaster, on Saturday, parents' day, and attended the F&M-Carnegie Tech football game.

RULES

1. The football contest is open to everyone, except employees of The Gettysburg Times.
2. Contestants are required to obtain an entry blank from one of the firms advertising on this page. There is no charge for these blanks and no purchase need be made to obtain one. Merely visit one of the firms and ask for a "Gettysburg Times Football Blank."
3. No contestant may submit more than one entry a week under his or any other name.
4. All entries must be received in The Gettysburg Times office before 5 p.m. on the Friday of the week the games are to be played.
5. In case of ties the winner will be the individual whose estimate of the "Feature Game" is the closest to the total points scored by those two teams.
6. Follow instructions printed on the entry blanks closely to avoid disqualifications.
7. Names of prize winners will be announced in the news columns of The Gettysburg Times on the Tuesday following the playing of the game.
8. Contest winners will receive by mail merchandise certificates equivalent to amount of prizes.
